

GERMANS MAKING LITTLE PROGRESS

Raid On Channel Ports Seems to Be Checked For the Time Being

BOTH SIDE LOSE HEAVILY

Losses On Both Sides Are Greater Than Those In Any Battle Since War Was Declared

FRENCH TAKING THE OFFENSIVE

London, Oct. 27.—The German raid on the channel ports, as it is called here, seems to have been checked for the time being, or, at any rate, the Germans have made little infantry progress since they succeeded in crossing the Yser canal on Saturday last. They are, however, still pushing with all the forces at their command and are meeting with most stubborn resistance from French, British and Belgian troops.

The losses on both sides continue to be in proportion to the fierceness of the battle, which means, that they are greater than those in any battle since war was declared, now nearly three months ago.

Along the coast, where the allies have the assistance of French and British warships, they apparently have more than held their own and after inflicting very heavy losses on the Germans, have compelled them to try for an opening further inland. Up until yesterday the allies had been forced to give way at some point, but today, according to the French official communication, they have succeeded in holding their positions at every point, from the mouth of the Yser to the Lens district and again have advanced between Ypres and Roulers, where there has been some of the sternest fighting of this sanguinary battle and where the British Indian troops have made their first appearance in the fighting line.

The opposing forces are so strong that it must be many days before a decisive result is attained by either side, despite the great losses which they are suffering and which grow greater as report follows report.

French Take Offensive.
Along the old front, stretching from the river Oise to the Meuse, from which the Germans withdrew their best troops to strengthen the army which is attempting to advance along the coast, the French have been taking the offensive and to the north of Soissons have been engaging in an artillery duel with the Germans in which they have destroyed several of the German batteries. They seem to have been playing at this game for some time, for the last three reports from Paris have announced the destruction of German guns.

Further east, the offensive tactics of the allies have driven the Germans back across the frontier. The Germans, however, are so strongly entrenched along this long line that it is believed they are preparing to remain for the winter, holding their positions until their present objectives, the northern ports of France, have been attained.

Russians Gain Ground.
Very serious battles also are proceeding in southern Poland and in Galicia, without decisive result. The Russians, however, have crossed the Vistula north of Ivangorod with fresh army corps, which should have a marked effect on the fortunes of the battle. They appear from their own account to be making down the resistance of the Austrians south of Przemyel and throughout Galicia, where fighting of the most stubborn character has been going on for weeks.

CONTRACTS AWARDED FOR ARMOR PLATE AND STEEL

Over Ten Million Dollars Worth of Armor Plate and Steel for Three New Battleships.

Washington, Oct. 27.—Contracts for \$10,674,112 worth of armor plate and steel for the new battleships California, Mississippi and Idaho were awarded today by the navy department to the Bethlehem and Midvale Steel Cos. Reductions in prices of materials resulted in a saving for the government of \$757,542 as compared with the cost per ton of armor bought for the battleship Pennsylvania two years ago.

The Bethlehem company was awarded contracts for material for the two vessels aggregating \$7,122,708 and the Midvale company obtained the award for the other \$3,551,404.

A statement issued by the navy department tonight said the reduction in prices was secured through the efforts of Secretary Daniels.

Garland & Co. show the largest line of suit cases and bags in the city.

OFFICIAL REPORTS

—FRANCE—

Paris, Oct. 27.—A very brief official statement was issued tonight by the French war office regarding the great battle which is in progress in Belgium and Northern France. The text follows:
"There is nothing to report except some progress on our part in the region to the south of Dixmude."

—GERMANY—

Berlin (via Amsterdam and London), Oct. 27.—General headquarters under date of October 27 announces:

"The battle on the Yser canal near Ypres and southwesterly from Lille is progressing with the same stubbornness. Yesterday the German troops made progress."

"On the other battle front in the western theatre no important events have occurred."

"To the west of Augustow the attack of the Germans is slowly proceeding. To the southwest of Warsaw our troops have repulsed all the attacks of strong Russian forces. North of Ivangorod a new Russian army corps has crossed the Vistula."

—RUSSIA—

Petrograd, Oct. 27.—The following communication from the Russian general staff was issued here this evening:

"Fighting has begun on the front in Eastern Prussia. We have repulsed fierce German attacks in the region of Bakalarzewo. We took at Gombin, on the left bank of the Vistula a convoy of prisoners."

"The battle front October 26th extended from Kouto through Tezow, Rawa, Nowemiaslo, Bailobrzeg and Glowaczewo to the mouth of the Ilzanka."

"Among the German troops there were many new recruits."

"The fighting was especially fierce around Tezow and Rawa, where we captured portions of the enemy's positions."

"We won a victory that was essential toward Novo Alexandria and Zwolen. The enemy there is in retreat. We took about fifty officers and three thousand men, several machine guns and eight cannon."

"South of Solec our troops, after crossing the Vistula, took eight officers and three hundred men and some machine guns."

"Around Przemyel we have advanced as far as the railway at Staremlasto and Turka."

TOUCH OF WINTER WILL BE FOLLOWED BY WARM WEATHER

Government Forecasters Through- out the Country Predict Warmer Weather.

Washington, Oct. 27.—Assurance that today's touch of winter would be followed immediately by warmer weather generally throughout the country was given tonight by the government forecasters. Warmth was said to be moving eastward in the wake of the biting wind that brought freezing temperatures and killing frosts to the Ohio and upper and middle Mississippi valleys.

Maine was the only state where temperatures were below freezing tonight. In Greenville, Maine, the mercury went down to 22 and at Portland it was 30.

Tonight's forecast indicated temperatures would be higher Wednesday in the Middle and Upper Mississippi and the Ohio valleys and would rise slowly Thursday in the northeastern districts and the south.

The frost line extended as far south as Tennessee and northwest Texas and there were light snow falls along Lake Ontario and in Northern Maine.

Unofficial reports from Harrisburg, Pa., tonight said ice had formed in some places there a quarter of an inch thick.

OPINIONS OF WITNESSES DIFFER MATERIALLY

Hearing on Railroad Freight Rates in Missouri are Concluded.

St. Louis, Oct. 27.—"The Missouri state rate on grain and flour shipments should be raised to equal the interstate rate."

"The interstate rate should be lowered to meet the Missouri rate."

"The present rates should not be molested."

Such was the substance of testimony submitted by three witnesses at today's hearing before Examiner Bradley of the interstate commerce commission concerning complaints of rate discrimination made by Missouri millers against Missouri railroads and by St. Louis grain and flour dealers against Eastern railroads.

The hearing was concluded tonight and Examiner Bradley announced oral arguments on the question would be heard at Washington before January 1. C. C. P. Rausch, assistant general freight agent of the Missouri Pacific-Iron Mountain system, declared the state rate which was made operative under the protest of railroads is too low for interstate shipments and should be made the same as the interstate rate.

MINERS TRAPPED IN BURNING MINE

One Hundred and Five Men Believed to Be Be- yond Hopes of Rescue

FOLLOWS GAS EXPLOSION

Fire In Lower Level of Mine at Royalton, Illinois, Fol- lows Gas Explosion

TWENTY-EIGHT BODIES RECOVERED

Royalton, Ill., Oct. 27.—A total of sixty-one dead is shown on the casualty list issued late tonight by officials of the Franklin Coal and Coke Co., at whose mine near here 300 men were entombed at the going to work this morning.

The heavy decrease in the number of dead estimated earlier in the day was accounted for by the registration tonight by scores of miners who had escaped during the day but who were too busy assisting in the rescue work to answer to the roll call of rescued.

Twenty minutes before the explosion 345 men went into the mine, only the last cage full of the day force remaining on the surface. Tonight twenty-four bodies had been recovered and thirty-seven men were missing. It was conceded by officials of the mine that the thirty-seven were entombed and would not be brought out alive.

Rescue trains from Benton and Springfield, Ill., and from Evansville, Ind., were rushed to the scene and their crews together with the entire population of Royalton—about 1,000—spent the entire day and the greater part of the night rescuing the living, attempting to extinguish the fire which followed the explosion and caring for the injured—and for the hysterical relatives of the dead and entombed.

Royalton, Ill., Oct. 27.—One hundred and five men who were trapped on the lower level of a burning mine near here today were believed to be beyond hope of rescue. Thirty to forty others of the 308 who entered the mine this morning were known to be dead and late this afternoon twenty-eight bodies had been recovered.

The mine belongs to the Franklin Coal and Coke Co. and is located a mile from Royalton.

The fire followed a gas explosion that occurred five minutes before the miners were to begin work. About fifty men had not entered the shaft, but the others had gone down and begun to scatter to the various workings.

The sound of the explosion was heard in Royalton and every adult person in the town, except the telephone operator, hurried to the mine. Rescue parties quickly were organized and help was summoned from surrounding towns. Gas in the mine, however, prevented the rescuers from penetrating more than fifteen hundred feet into the workings and they were unable to reach the 195 men entombed on a lower level, which was in flames.

One hundred and fifty men were taken from the mine unharmed but more than eighty of those had been overcome by gas. Two died at the surface.

A mine rescue car from Benton, Ill., arrived nearly four hours after the explosion with a supply of oxygen helmets. The work of rescue then was pushed with vigor and soon twenty-eight bodies had been recovered.

Companies were organized to battle with the flames in the lower level but experts feared it would be impossible to subdue the fire unless the burning sections were sealed. It was announced that this would not be done until all hope of saving the entrapped men was abandoned.

Confusion Reigns About Mine.
Late tonight confusion reigned about the mine, alike among rescuers, rescued and relatives of the dead and entombed. The exact number of men still in the mine was unavailable, estimated ranging from 53 to 195.

Even the nature of conditions was not definitely known by those above ground. While some rescuers reported they could find no fire, experienced miners declared fire was raging in two entries and that there is no hope of rescuing alive any of the men still in the mine.

This afternoon James Harris descended with one of the rescue crews in the hope of finding his son Russell Harris. He failed to reach the boy but found fifteen other dazed and injured miners in a pocket in the burning drift and led them to safety through an adjoining drift untouched by the flames.

WORKMAN FOUND GUILTY OF MURDER

Decatur, Ill., Oct. 27.—James D. Workman was found guilty tonight of the murder of his wife on the night of April 27. He was sentenced to life imprisonment. The jury was out 3 hours and ten minutes. A formal motion for a new trial was made.

War News Summarized

All the nations engaged in the mighty struggle in Belgium and the north of France are silent with regard to the actual happenings in that battle scarred zone. So far as is known there has been little progress on either side but from the accounts that have filtered through from various sources, this stern engagement which has been going on incessantly for several days may be characterized as the fiercest of the whole war.

Thousands upon thousands of German reinforcements have been added to the great masses of troops which have been endeavoring to force their way to the northern ports of France.

It is said that this ceaseless pushing forward of vast bodies of German soldiers is by direct order of the emperor, whose eye is fixed on England, a campaign against which at an early date is considered among the possibilities, provided a suitable base can be found from which to direct the forces.

Similarly the allies have been strongly reinforced and among the new troops at the front are the British Indians, who, according to all accounts, have been bearing themselves well.

A new rebellion in the Union of South Africa has given cause for anxiety both to the British and the southern African government. Generals De Wet and Beyers, both notable figures in the South African war, have placed themselves at the head of a revolt in the Orange Free State and western Transvaal.

The extent of this uprising is not known nor can its outcome be foretold. Already the South African government which had knowledge of the prospective movement, has issued a proclamation to the people calling for their assistance and has taken measures to quell the rebellion.

The British admiralty issues a warning to vessels whose courses may carry them to the waters to the north of Ireland, as in these waters German mines have been laid with the result that one British steamer, the Manchester Commerce, has been blown up. Additional channels in the river Thames have been declared closed to navigation by the admiralty in order to frustrate attempts by hostile crafts to reach London.

SOUTH BEND POLICE SEEK ISLAND PARK HERMIT

Believe "Grizzley" May Know Some- thing of Murder of Hazel Mack- lin.

South Bend, Ind., Oct. 27.—"Grizzley," a hermit who lived in a cave near Island Park, is being sought by South Bend police who believe that he may know something of the murder of Hazel Macklin, the 13-year old girl, who disappeared August 19 and whose body was found in a vault in Island Park Oct. 25.

The aged recluse is said to have disappeared a few weeks ago. Detectives are searching the woods in the vicinity of Island Park in an effort to locate him.

The description of a man said to have met Hazel Macklin near where she was murdered was given the police late today by Mr. and Mrs. Clayton McCleod of South Bend. The McCleods said they were on a street car with a girl, whose body disappeared on the evening she disappeared. They said the girl alighted from the car near Island Park and that she was joined by a man about 40 years old, five feet five inches tall, of dark complexion, who weighed about 200 pounds, wore a black moustache and who has closely set eyes and a sharp nose.

CONVICTS RACE DOWN JOLLET'S MAIN STREET

Two Prisoners Make Dash for Lib- erty but are Recaptured by Guards.

Joliet, Ill., Oct. 27.—Two escaped convicts raced down the main street of this city tonight a hundred yards ahead of a score of prison guards armed with shot guns while pedestrians dodged into doorways to avoid the shots fired at the fugitives.

The convicts were John Stacy and John Crawford, under indeterminate sentence from Chicago. They were caught in the yards of the Elgin, Joliet and Eastern Railroad.

They escaped from the state prison while being marched back to the cell house tonight.

WEATHER INDICATIONS AND TEMPERATURES.

GENERAL CARRANZA OUT CONDITIONALLY

Offers to Relinquish Lead- ership If General Villa Retires to Private Life

MIGHT HASTEN PEACE

Carranza's Action Prompted by Hope That Peace Might Be Re- stored by Choosing Neutral

IT IS NOW UP TO GENERAL VILLA

Mexico City, Oct. 27.—Venustiano Carranza submitted his resignation to the Aguas Calientes convention. His offer to relinquish his post as supreme chief of the nation, however, is condition on the retirement to private life of General Francisco Villa.

In offering to resign Gen. Carranza said he was actuated only by the highest motives of patriotism and that acceptance or rejection of his offer must depend on whether or not his elimination would contribute toward hastening peace in the republic and the furtherance of true democratic ideas.

In discussing the tender of his resignation by Gen. Carranza, a high government official said today:

"General Villa has charged Gen. Carranza with being a self-seeker who desired to take advantage of an accident and perpetuate himself in power. Gen. Carranza now shows his good faith to the world by declaring that if the personalities of himself and Villa are to be a check on peace and to democratic progress in Mexico they should both step down and out. As you Americans say, 'It is now up to Mr. Villa.'"

Followers of Gen. Carranza are willing to let history judge as by this act of disinterestedness on his part for we can make no greater sacrifice in the interest of peace and patriotism."

In Line With Consul's Reports.

Washington, Oct. 27.—Although officials had no definite advice of today's deliberations at the Mexican national convention at Aguas Calientes, previous dispatches had indicated that Gen. Carranza's resignation would be submitted by Generals Obregon, Chao, and Castro, who were delegated by the assembly to interview the first chief.

The announcement from Mexico City that Carranza had submitted his resignation conditioned on the retirement to private life of General Villa, was in line with reports from American Consul Silliman, who stated a few days ago that Carranza was willing to resign if both Zapata and Villa relinquished their posts in the constitutional army.

The latest advice received from its special agents by the state department were dated Aguas Calientes, 3 p. m., yesterday and told of the visit of the 28 Zapata delegates to Guadalupe where Gen. Villa has his headquarters. They returned to the convention the same day. It appeared from official reports that the Zapata representatives did not come as fully authorized delegates of the southern chief but as a commission to exchange impressions and views with the delegates at the convention. When they had satisfied themselves of the character of the convention they were to report to Zapata and receive full authorization. The Zapata commission made it clear to American agents at the convention, however, that they had a full and complete understanding with Gen. Villa.

Issues Written Denial.

Naco, Ariz., Oct. 27.—General Benjamin Hill, the Carranza commander of the Naco Sonora garrison, issued a written denial today of the statement given out by constitutionalist agents at Douglas, Ariz., yesterday that he had established a censorship over Mexican news and had barred American newspapers from Sonora.

General Hill said that he had no criticism to make of the news sent from the American border concerning the factional strife in Sonora.

The four days of the armistice between Hill and the Villa troops under Governor Maytorena which for nearly four weeks besieged the town, has served both sides to reorganize their forces and strengthen their field equipment. Hill received a hotchkiss rapid fire five pounder today.

It is rumored that Hill is preparing for an active campaign against Maytorena, whose forces have retired various distances. One body of troops is fifteen miles away but a band of 1,500 Yaqui Indians is encamped within two miles of the Naco entrenchments.

Habes corpus proceedings were begun today to secure the release of Captain Islas, who shot and killed Captain Vasquez, a brother officer in Hill's command and a Mexican private last night as the result of a boisterous party ending in a brawl.

The shooting took place on International street, just across the border. Captain Islas escaped to the American side, where he is held by the United States border patrol. It is said he fired on the border troops who arrested him.

ROCKEFELLERS AMONG DEFENDANTS NAMED

IN GOVERNMENT'S DISSOLUTION SUIT AGAINST U.S. STEEL CORPORATION

John D. and Son Defended in Federal District Court by Their Counsel of the Charge That They Were Co-conspirators in the Formation and Management of the Big Concern.

Philadelphia, Oct. 27.—John D. Rockefeller and his son, among the defendants named in the government's dissolution suit against the United States Steel corporation, were defended in the federal district court today and held innocent by their counsel of the charge that they were co-conspirators in the formation and management of the big steel concern. George Welwood Murray of New York, who argued their case, suggested to the court that possibly the government appended the name Rockefeller to the list of defendants merely to "add drapery and scenery to give effect to the suit."

Likewise counsel for the ore interests, commonly known as the Hill interests, which leased ore deposits in the Lake Superior region to the steel corporation, held his clients innocent of any monopolistic intentions when the Great Northern ore lease was made.

It was the sixth day of the argument in the case. David A. Reed of Pittsburgh, who began speaking yesterday, largely on the technical side of the case, concluded today. He maintained that the steel industry is bigger than the steel corporation and that it could not control the trade as to prices or competition even if it so desired.

Corporation "Always Fair"

Cordeno A. Severance of St. Paul also speaking for the steel corporation declared that the concern was always fair to competitors and ridiculed the government's charges that some of the steel corporation's so-called interlocking directors unduly favored the big concern in throwing business in its way while sitting in railroad or other boards of directors. The history of the steel industry showed that when independent cut prices the corporation had to go along, he said.

Asks That Suit Be Dismissed.

In defending the Rockefellers, Mr. Murray said his clients had no hand in the organization of the steel corporation, that they were merely sellers of property to the concern. The Rockefellers, he added, were only nominal directors, never taking an active part in the property and resigning from the board long before the government suit was brought. He asked that the suit be dismissed so far as it affects his clients.

Frederick R. Kellogg of New York, arguing for the Hill ore interests, also asked that the proceedings be dismissed against his clients, which include eighteen land and mining companies, and five trustees of these concerns on the ground that they did not participate in the information of the corporation or had no connection with it afterward. The government contends that the lease of the ore lands to the corporation shut out competitors from getting sufficient supplies of ore for their use.

GERMANS PARTLY DRIVEN BACK ACROSS THE YSER

French Infantry Aided By the Mon- itors Inflict Heavy Losses Upon the Invaders.

London, Oct. 27.—A despatch to the Central News from Northeastern France says:

"The Germans were yesterday afternoon in great part driven back across the Yser with heavy losses by the French infantry aided by the fire of the monitors. When the Belgians undertook the defensive of the Yser they held it for a week. Then by sheer weight of artillery and men the Germans pushed the gallant Belgians back but not before they paid the full price for temporary gains."

"At least two army corps faced the Belgians. Their object was to force them right into France and thus succeed in turning the allies' left. At cost the Belgians a thousand casualties to prevent the attainment of this object. It is reported on reliable authority that the German emperor had placed eight army corps in this section of the field. Their losses have been frightful; their successes practically nil."

"Towards the end of last week the situation was doubtful. On the contrary first class success may be looked for which will place the Germans finally on the defensive in the west. Great progress is being made in the reorganization of the Belgian army."

DR. PALMER CHOSEN.

La Salle, Ill., Oct. 27.—Dr. Geo. T. Palmer of Springfield, Ill., was elected president of the state conference of Charities and Janvillie was chosen for the 1915 convention at the conference here today. James Mollenbach of Chicago was elected vice president and A. D. Bowen of Springfield, secretary.

OFFICIALS F
Government Official
Prisoners In North
of Orange River

GENERAL DE WET LEADS

London, Oct. 27.—Another rebellion has broken out in South Africa. General Christian De Wet and General Christian Frederick Beyer have taken the lead of the rebels in the Orange Free State and western Transvaal.

Having put down the rebellion in the northern province of Cape Colony led by Gen. C. M. Maritz, the government of the Union of South Africa is now faced by the more serious uprising under Generals De Wet and Beyers, the latter of whom resigned command of the Union forces when Premier Botha decided to take up arms against Germany.

According to an official report received today armed rebellious commands are already in existence; the town of Heidelberg, in the northern part of the Orange river colony has been seized and the government officials have been taken prisoners while a train has been stopped and armed citizens of the defense force have been taken from it and disarmed.

The Union government has issued a proclamation to the people, announcing these events and explaining that, although it was a war of these rebellious preparations it had been taking steps to preserve peace without bloodshed.

"Now," continues the proclamation, "the duty of the government is clear. It is determined to deal with the matter with a firm hand and is taking all necessary steps to this end. The very great majority of citizens in every province of the Union are thoroughly loyal and detest the very idea of rebellion. When they are aware of the situation they will undoubtedly give the government every assistance in restoring order and will carefully abstain from giving the rebellious movement any encouragement or support."

The citizens are called upon to be on the alert and give the government information and assistance and those who have been guilty of disobedience under the defense act are advised that no action will be taken against them if they remain quietly at home.

General De Wet is the cavalry leader who gave the British so much trouble in the South African war. It was announced that he had offered his services to England.

General De Wet in the late South African war was commander in chief of the Orange Free State forces. He was commandant at Ladysmith and was sent to relieve Gen. Cronje as second in command; after Gen. Cronje's surrender he received full command. He was one of the signatories of the Vereeniging conference and was appointed minister of justice in 1909. Gen. De Wet was opposed to the government's action in regard to the present war and early in October attempted to speak at a meeting held in protest of this action but was prevented from doing so by demonstration of sympathizers of Gen. Louis Botha, the premier of the Union of South Africa.

Brigadier Gen. Beyers was also a noted figure in the South African war and was chairman of the Vereeniging peace conference. Last September he resigned as commandant general of the Union defense force because of his disapproval of the action of Great Britain in sending commands to conquer German southwest Africa.

STUDENTS FAIL TO RESPOND.
Venice, Oct. 27.—Via Paris—Efforts of the Vienna authorities, according to advice received here, to force the students to join a corps for the protection of the town in the event of a possible invasion have failed despite the inducements held out.

PRUSSIAN CASUALTY LIST.
Berlin, via The Hague and London, Oct. 27.—The sixtieth Prussian casualty list, with accompanying Saxon and Bavarian lists was published today. The list is headed with the name of Lieutenant General Frederick of Saxe-Meinungen, who was killed in battle near Montigny, August 23.

DIVISION COMMANDER DIES.
London, Oct. 27.—Lieutenant General Sir William Edmund Franklyn, who commanded the Third division of Kitchener's new army, died suddenly tonight.

RAINEY AND THE PORK BARREL

The Chicago Tribune of Oct. 27 in
an editorial under the heading "The
Wind Blows Again," says:
"Rainey is for harbor and river
improvement," and plenty of it—
the kind of improvement that the log
rolling statesman always favors.
Isn't it time for the people of the
Twentieth district to do themselves
the credit of repudiating the un-
scrupulous and unpatriotic selfish-
ness represented by Rainey's support
of the pork barrel, log rolling waste
of public funds? And the only way
for them to repudiate it is to defeat
Rainey and send a public spirited
man in his place. Such a man will
better serve the legitimate interests
of the Twentieth district than Rainey
ever can, for the day of the pork
barrel is over. The influence
of the mere log roller will go with
it, while the congressman who has
conscience and broad public spirit
will count for his district."

Dr. B. O. Aylesworth, candidate
for congress in the Twentieth dis-
trict on the Progressive ticket, is
pledged to oppose all "pork barrel"
methods of federal appropriations.

Dr. Aylesworth was eight years
president of Drake university and
ten years president of the State Agri-
cultural college of Colorado.

He stands squarely upon the
Progressive platform and is making
a vigorous campaign against the
bosses of the bi-partisan machine
and their apologists.

KING OFFERS SERVICES.
London, Oct. 27, 5:33 p. m.—
Failing the acceptance of the pro-
fer of his services by King George
in the war against Germany Manuel,
former King of Portugal, has now
offered the government of the re-
public of Portugal to serve with
the Portuguese contingent if that
country decides to join the allies.

ISSUES BANK PERMIT.
Springfield, Ill., Oct. 27.—State
Auditor Brady today issued a per-
mit for the organization of the
First Trust and Savings Bank of
Decatur. The capital stock is
\$250,000. The organizers are Wil-
liam A. Eshelman, Charles W.
Christy, M. B. Wells, O. H. Cannon
and R. A. Cottle.

ATTEMPTED RECALL FAILS.
Portland, Ore., Oct. 27.—An at-
tempt today to recall Mayor H. R.
Albee and Commissioners Robert G.
Dieck and William L. Brewster fail-
ed, according to early indications af-
ter the polls closed tonight. Incom-
petence and extravagance were al-
leged against the trio.

ILLINOIS ELEVEN FIT.
Champaign, Ill., Oct. 27.—The
University of Illinois eleven was on
edge today and the players made
an excellent showing in the stiffest
scrimmage of the season. After
practice tomorrow the Illini leave
for their northern invasion, stop-
ping over in Chicago Thursday af-
ternoon for a light drill. Coach
Zuppke will take two teams to Min-
neapolis.

**ATTENDS ICE CREAM
MAKERS' CONVENTION.**
John W. Merrigan has gone to
Chicago to attend the convention of
the Illinois Association of Ice Cream
Manufacturers. Mr. Merrigan is
treasurer of the association and the
business meeting was to be held at
the Sherman house last night. He
will also attend the dairy show
while away.

STILL CRITICALLY ILL.
Pearl Brown, who was shot by
his wife last Saturday night and
since has been a patient at Passa-
vant hospital is still critically ill. The
bullet was removed Monday night
by Dr. Allen M. King, an X-ray
showing it to be in the back on the
same side as the wound.

APPLE TREE IN BLOOM.
A C. Reid, who resides north-
west of the city is bemoaning the
fact that the frost of Tuesday night
destroyed his second apple crop.
Mr. Reid had an apple tree in bloom
about three weeks ago and apples
were already forming, something
which is remarkable for this time
of the year.

Harold Gay and Frank Vickery
went to Springfield Tuesday in Mr.
Gay's White car.

Colors Affect the Brain.
People to whom certain colors repre-
sent somatic emotions have been
taught at our scientific work on the
senses is proving them to have his
attention for their theories. Red, it
appears, is the most exciting and
stimulating of all colors and has a
special effect on the activity of the
brain. Blue, which so many people in
an age of great nervous strain and
tension find soothing, is so in reality.
Unless you are in a depressed and mor-
bid state, sea blue curtains in your
bedroom windows have a beneficial ef-
fect, especially if you face south and
get the morning sun. Color, indeed,
especially in flowers, has an extraor-
dinary effect on the mental condition.
The sight of crimson, pink and ane-
thist rhododendrons growing in the
open air has a curiously uplifting and
joyous effect.—New York Sun.

LIVE ISSUES AND POLITICAL GHOSTS

(Chicago Herald.)
Of course a senatorial candidate,
in these days when party politics
have sunk to a secondary place, is
at liberty to pick his own issues.
But it strikes us that in choosing
the "single tax" as the main issue
against Mr. Robins, Senator Sher-
man has not chosen the best ground.
Mr. Robins may believe in the
"single tax." But that really has
about as much to do with the pres-
ent senatorial campaign as his per-
sonal belief in ghosts. He is run-
ning as a candidate of the Progress-
ive party and presumably of the
principles it professes.

If he should be elected his belief
in the "single tax" would cut no
figure whatever in his senatorial car-
eer. He couldn't get a single tax
amendment approved by the senate
under any conceivable circumstances.
He couldn't get a quorum even to
sit out a speech on the single tax.
Every public man has his little
foibles. In the present campaign
Mr. Robins' "single tax" opinions
are no more than that. The time
may come when the "single tax"
prospect is far from alluring. At
present there is no real issue in it.
In attacking the Democratic par-
ty for its war taxes and its tariff
"taxes," Senator Sherman shows ap-
preciation of a real issue. He also
chose his ground wisely. If there
is anything that is calculated to
move the voter's soul to the depths
it is the question of taxes.

But the taxes must be present or
somewhere in the near future. They
must not be like the "single tax,"
an imposition which he will never
come in personal contact with, un-
less in the extremely modified form
in which it has been experimented
with in certain cities.

(Paid for by the Bi-partisan
Club.)

CARE SHOULD BE EXERCISED RELATIVE TO CORONER'S CASES

Failure to Hold Inquest Over Re-
mains of Demon Robinson Brings
Letter From Officer of State
Board of Health.

T. H. D. Griffiths, registrar of
vital statistics of the State Board
of Health, has answered an inquiry
of a local citizen regarding the duty
of physicians and others to report
deaths resulting from accident, vio-
lence or any undue means. The in-
quiry resulted from the recent
death of Damon D. Robinson of
Prentice, who succumbed to injuries
received from the kick of a horse.
The reply is given herewith:

"I beg to acknowledge receipt of
your communication relative to the
case of D. D. Robinson of Prentice,
Ill., who was found in an uncon-
scious condition as the result of an in-
jury by a horse, and that a day later
the patient died from the injur-
ies and that the case was not re-
ported to the coroner.

"There was no doubt but that this
was a proper case for a coroner's
inquest. However, no penalty is
provided for the failure of the at-
tending physician to report such
cases to the coroner. The penalty
falls upon the undertaker or em-
balmer who prepared the body for
interment.

"In cities like Jacksonville, where
burial permits must be issued be-
fore the burial or removal of dead
bodies, co-operation between the of-
ficers issuing the permit and the
coroner can be had, obviating the
non-report of such cases to the cor-
oner.

"However, it would be a good
idea for the coroner to issue a cir-
cular letter to the physicians of the
county, directing their attention to
the fact that in all cases where
death is supposed to have resulted
from violence, casualty or any un-
due means, a report should be made
to the coroner, in order that in-
quests shall be held."

Requirements of the state board
of health regarding the issuance of
certificates of death are set forth in
the following paragraph taken from
the regulations:

"Only a legally qualified physi-
cian, who has been in actual at-
tendance upon the case, is legally
competent to certify to cause of
death. If no physician was in at-
tendance or if death was due to
violence, casualty or any undue
means, or suddenly while in appar-
ent health, or in any unusual man-
ner in the language of the statute—
the case shall be referred to the
coroner, who alone is authorized by
law to certify to cause and manner
of death."

ford, partners doing business under
the firm name and style of Crawford
Lumber Company, vs. Charles Pat-
ten, Joseph Fernandes, Manuel Fer-
nandes and Antonio Fernandes, in
Chancery.

Affidavit of the non-residence of
Antonio Fernandes, one of the above
named defendants, having been filed
in the office of the clerk of said cir-
cuit court of Morgan county, notice
is hereby given to the said Antonio
Fernandes that the complainants filed
their bill of complaint in said cir-
cuit court, on the chancery side thereof,
on the third day of October, 1914,
and that a summons thereup issued
out of said court against said de-
fendants returnable on the first day
of the next November term of said
court, to-wit: on the ninth day of
November, 1914 and that said suit
is now pending in said court.

Now, unless you, the said Antonio
Fernandes, shall personally be and
appear before said circuit court of
Morgan county on the first day of
the next term thereof, to be holden
in Jacksonville, in said county, on
the second Monday of November,
1914, and plead, answer or demur
to the said complainants' bill of com-
plaint, the same, and the matters
and things therein charged and stat-
ed, will be taken as confessed and a
decree entered against you, accord-
ing to the prayer of said bill.

(Signed) Eugene D. Pratt,
Clerk of the Circuit Court of
Morgan County, Illinois.

BEARDSTOWN WILL NOT VOTE ON LOCAL OPTION QUESTION

County Clerk Skiles has Refused to Place Question on Ballot For November 3.

There will be no vote on the local option question in Beardstown this fall. County Clerk L. O. Skiles, acting upon an opinion rendered by Attorney General P. J. Lucey, has refused to place the question on the ballots to be voted Tuesday, November 3, members of the Beardstown People, members of the Beardstown Protective league, were in Virginia Monday afternoon in consultation with the county clerk and were advised of his intention to keep the local option question off the ballot. Just what action the "drys" will take and whether or not they will take the matter into court was uncertain Monday afternoon.

The question of the validity of the petition was raised because of the wording of the paper, which requests a vote on the local option question in East Beardstown and in West Beardstown, as they existed in 1914. East Beardstown is now "dry" territory, but it is the claim of the "drys" that it is not legally dry because the question was not legally submitted at the election when it was voted dry. It is therefore asked that the vote November 3rd be upon both East and West Beardstown precincts.

The petition asks a vote upon these precincts as they existed before the boundary lines were changed by the county commissioners in 1906. The county clerk has no record of authority, he claims, showing that East Beardstown is anything but "dry," consequently he hesitates to submit the question there until the expiration of the 18 months as recited in the statute.

RETURN FROM DISTRICT MEETING

Jacksonville Lady is Chosen Vice-President of Twentieth District W. R. C.

Mrs. Mary Jordan, Mrs. Martha Day, Mrs. Martha Happy, Mrs. Josephine Jaeger, Mrs. Cornelia Fyffe, Mrs. N. R. Whorton, Mrs. Leana Hayden, Mrs. Anna Viera, Mrs. Mary Hall, Mrs. Jane DeFratres and Mrs. Rose DeFratres have returned from Barry, where they attended the annual meeting of the Twentieth District Woman's Relief Corps. Seventy-four were in attendance at the meeting and the ladies from Jacksonville were met at the station by a committee and automobiles were furnished for those who cared to ride. The meeting was opened by Mrs. Leana Hayden of this city, district president, and the response to the address of welcome was made by Mrs. Inez Bender of Decatur, departmental president. Mrs. Sparrow of Barry was chosen district president, and Mrs. Cornelia Fyffe of this city district vice president for the ensuing year. Pittsfield was chosen as the meeting place for 1915. At noon the ladies of the Barry Corps served an excellent dinner and the afternoon session was devoted principally to the reports from different corps. Supper was served and in the evening a social time was enjoyed and the Jacksonville ladies were taken to their train in automobiles.

JACKSONVILLE CIVIC LEAGUE HOLDS MEETING

Four Hundred Attended Political Gathering at Company L. Hall and Candidates Heard in Addresses.

Nearly four hundred persons were present at Co. L. hall Tuesday evening to attend the political meeting held by the Jacksonville Civic League. This organization is one which has for its object the uplift and advancement of the colored people and has a membership of 291 and several white persons as honorary members. The meeting was set apart by the league as a political educational gathering and all the candidates were invited to be present so that the colored citizens might meet them.

Dr. A. H. Kenniebrew, president of the league, presided over the meeting and nearly all the Republican and Democratic county candidates spoke. W. J. Butler of Springfield and Capt. John E. Wright of this city, candidates for the legislature, Bernard Gause, of the county Democratic committee, T. H. Buckthorpe, of the county Republican committee, and Charles B. Graff were also called upon for addresses and Capt. Freeman's band furnished music for the evening. After the speaking a social time was enjoyed and refreshments, consisting of sandwiches and coffee were served by the executive committee of the league, of which Rev. H. H. DeWitt is chairman.

Scott Block - Jacksonville, Ill.

READ THE JOURNAL

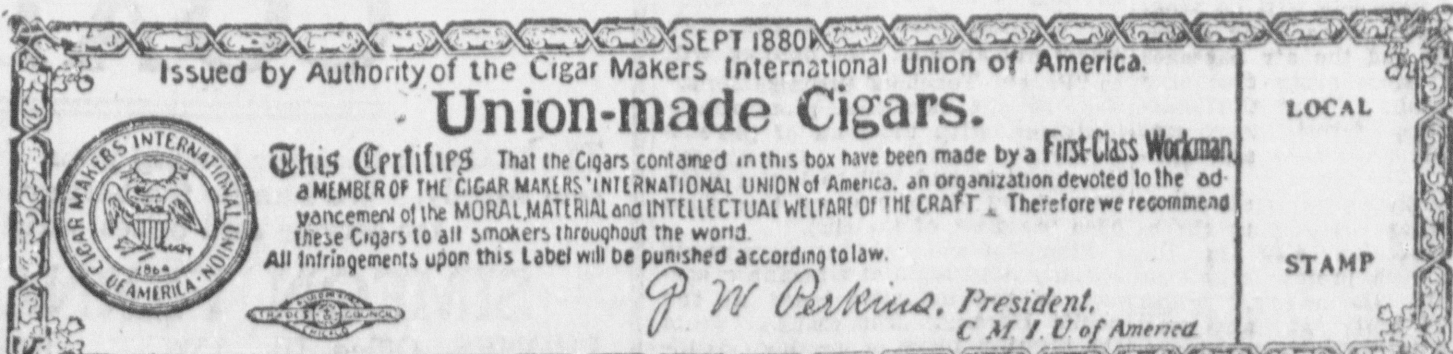

PRIOR to 1880 there was no organization, no regulation of hours or shop conditions in the cigar industry. Chaos reigned. Health was bad. Pay was poor. Hours were long and employment unsteady. In addition, the influence of labor in securing remedial legislation was lacking, owing to lack of organization. The birth and growth of the American labor movement brought with it, through its economic strength and its legislative influence the remedial legislation, both in the union and governmental bodies, which has shown remarkable results as regards health in our industries.

The following is taken from a report made by International President Perkins to the membership of the C. M. I. U. of A. It is a compilation of statistics gathered from the locals of the organization in the United States, Canada and Porto Rico. The figures are eminently correct and reliable. They indicate results obtained in the standard of health in the cigar industry through organization.

"In 1888, two years after the adoption of the eight-hour work day, 50 per cent of the deaths that year were caused by tuberculosis. In 1910, the total number of deaths was 588, of which number tuberculosis claimed 126, or 21.1-2 per cent."

"In 1911, the total number of deaths was 622, of which number tuberculosis claimed 136, or 20.1-19 per cent."

RESERVES HELD BY NATIONAL BANKS IN FEDERAL DISTRICTS

Negotiations to Clear Up International Financial Problems Will Be Resumed Friday.

Washington, Oct. 27.—Although negotiations between Sir George Paish, American bankers and the federal reserve board to clear up problems of international finance will be resumed here Friday, officials are inclined now to hope that the developments in the natural course of trade will lighten their burden and possibly present a solution of the whole problem.

Officials here pointed today to the fact that the rate for foreign exchange in New York had dropped to within a few cents of normal and that individual debtors in this country are evidently seeking to take care of their own obligations in the usual channels of exchange. The fact that Great Britain has agreed that cotton shall not be regarded as contraband and shall be on the free list is expected to help toward finding a bottom for cotton and opening a market for the crop. The twelve reserve banks, will be open within three weeks and with the vast reserves to be released with their entrance into the field, conditions are expected to show decided improvement.

It was said that it may even be possible to arrive at some conclusions which will obviate the necessity for any sort of agreement between the British government, the British bankers and American bankers.

Secretary McAdoo deplored the fact that congress failed to pass the bill to allow the government to buy commercial ships. Mr. McAdoo said that if such ships were available now a great opportunity could be seized to transport cotton to many nations which want it.

RECOMMENDS PROSECUTION OF BIG PACKING COMPANIES

Fail to Mark Wrapped Ham and Bacon with Their Net Weight.

New York, Oct. 27.—Prosecution of the Swift and Armour packing companies and other packers and wholesale provision houses for failure to mark wrapped ham and bacon with their net weight was recommended today to Attorney General Parsons by Commissioner Haragan of the Mayor's bureau of weights and measures. In selling the commissioner said the covering meats to retail butchers, it is alleged, the packers make no allowance for the weight of paper and barlup wrappings.

The packers aver, according to the commissioner, that hte covering of meats is a sanitary precaution and that they are violating no law. The commissioner holds that under the statute paper or cloth can not be sold as meats, no matter what sanitary purpose may be served thereby. The involved law in the case provides a penalty of \$25 for each violation.

SOUTHERN ROTARY CLUBS CONVE

Jacksonville, Fla., Oct. 27.—The rotary clubs from nineteen Southern cities, from New Orleans and Memphis to Richmond and Norfolk, gathered here today for the first get-together meeting of the clubs. International President Frank L. Mulholland of Toledo was present, and welcomed the delegates.

The principal discussions centered about the plans for rotarians to attend the San Francisco Exposition to assist the younger clubs with advice, to get new ideas for "stunts", to get to know what is expected of the officers and committees.

The opening meeting this morning was called to order by Harry B. Hoyt, president of the Jacksonville Rotary Club. This afternoon a unique cup contest was waged, the speakers from various clubs, being given five minutes each to address the meeting on why his city is the best in the south. The cup will tomorrow be awarded to the winner. A banquet will be given tonight at the Aragon Hotel. Tomorrow a boat ride and outdoor party will take place.

Ask to see the "King George", a new creation in overcoats at Garland & Co.

CHAMP CLARK TALKS TO METHODISTS.

Washington, Oct. 27.—Speaker Champ Clark today was the principal speaker before the board of conference Claimants of the Methodist Episcopal church, which met for a three-day convention. The object of the conference is to secure \$5,000,000 from the eastern conference for the support of aged ministers and the widows and children of deceased ministers.

Men familiar with similar work from the Protestant Episcopal, Presbyterian, Northern and Southern Baptist and Congregational churches told of the manner they are taking for the care of the returned ministers.

The meetings are held at the Metropolitan Methodist Episcopal Church, each morning, afternoon and evening.

EAGLES ATTENTION.

Initiation tonight, lunch, refreshments, smoker, music.

Fred Dolt, Sec'y.

JUSTICE COURTS.

Glenn Whitlock and Muriel Abernathy, charged with burglary and larceny, were arraigned in Squire Dyer's Court Tuesday and in default of bond in the sum of \$300 each, were committed to the county jail. Their hearing will take place in Squire Dyer's court this afternoon at two o'clock. Both are charged with breaking into a store at Concord and taking some boots and shoes some months ago.

ENROLLMENT SATISFACTORY AT COMMUNITY TRAINING SCHOOL

Session in High School Auditorium Tuesday Night Attended by Representative Number—Teachers Announced for Five Training Classes.

A gratifying number enrolled at the first meeting of the community training school Tuesday evening at 7:30 o'clock in the auditorium of the high school and prospects for a successful term are good indeed. Registration will be open until the next meeting, Tuesday, Nov. 3, and it is expected that many more will avail themselves of the opportunity to become members of the five excellent courses just outlined. The object of the organization is to train teachers and Bible school workers and provide standardized instruction on Biblical topics. Rev. W. E. Spoons opened the meeting with prayer and Dr. E. C. Harris, president of the Jacksonville Precinct Sunday School association, assumed the chair. Carl H. Weber explained the purpose and plan of the organization and reports were heard from Mrs. W. S. Badger, the registrar and Dr. R. H. Tanner, the dean.

Following are the courses and teachers:

Standard training course—Rev. Mr. Spoons.

Life of Christ—Miss Ruby Neville, I. W. C.

Class for workers with adults—Miss Josephine Anderson, I. W. C.

Class for teachers of 'teen age boys and girls—Prof. W. L. Harris.

Primary Sunday school teachers' class—Teacher to be supplied.

The school will hold sessions Tuesday of each week at the high school and there will be two full courses of twelve weeks each.

"The Training of Teachers and Workers" will be the subject of Dr. R. O. Post in a series of lectures which will precede the class sessions and will be heard by all students of the community school. The talks by Dr. Post will occupy the first forty-five minutes and the class periods, a second period of like length. The whole will be preceded by opening exercises, ten minutes in length.

All the newer blocks in hats are found at Garland & Co's.

RIVAL I. C. PUBLICATIONS.

A nameless publication appeared on college hill yesterday which claims to be the long sought "Student newspaper." It is announced to appear weekly and has on the editorial board some of the best Illinois college student talent. A year's subscription is offered the person who will suggest a name for this Illinois college "paper." Rambler supporters dub the project a money-making enterprise and deny the demand for such a publication. The "Question Markers" claim malice toward none. The issue will be fought out at an early date. J. Clay Elliott, '16 is editor-in-chief and L. S. Smith, Jr., '18, is business manager. In the initial number are full accounts of the athletic events and editorials of spice and snuff.

Besides those above named the editorial staff includes Edward Alexander, Harlow Brown, Arthur Gustafson, Arthur J. Petrie, Earl Harmon, Ruth Brown, H. K. McLaughlin, Miriam Akers, R. A. Butcher and Paul Watkins.

HALLOWEEN MASKS AND NOVELTIES AT WILMERTS, S. E. COR. SQ.

RETURNS FROM LONG VISIT IN WEST.

Miss Emma Cook of 1011 South East street, who has been in the west for the past five months, returned home Tuesday, much delighted with her visit. While away she visited her brother, Capt. Leonard Cook, of the 6th Infantry, stationed at Persido, San Francisco. This place overlooks the beautiful grounds of the Panama Exposition. She also stayed five weeks in Los Angeles and was fascinated by the climate and people there. She made visits to Salt Lake City, Denver, El Paso, Howie, Texas and Kansas City.

Delicious Sugared Popcorn will taste fine on Halloween —20c pound.

OYSTER SUPPER TONIGHT.

Oyster supper tonight at home of Mrs. Minnie Coultas, one half mile north of Markham by Ladies' Aid society of Liberty church.

Allen Dalley of Joliet was in the city Tuesday to attend the funeral of John H. Ryan.

BAD COLD? HEADACHY AND NOSE STUFFED

"Pape's Cold Compound" Ends Colds and Grippe in a Few Hours.

Take "Pape's Cold Compound" every three hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute. ADVERTISEMENT.

We've Been Talking to You for Several Months ABOUT MONEY.

Altho hundreds of Jacksonville people have taken advantage of our low rates, long time, easy payment plan of loaning MONEY, we know there are many more who could use a few extra dollars to good advantage but hesitate to call for some imaginary reason. You may think it difficult matter to draw MONEY of us, that we ask you a lot of embarrassing questions, or go nosing around among your relatives or friends to find out all about you. We do nothing of the sort. We simply LOAN you the MONEY on your own name without asking any one to sign with you, and only ask a lien on your Furniture, Piano, Fixtures or other personal effects as an evidence of good faith on your part, you pay us back in small weekly or monthly payments and that's all there is to it. We have a long time lease on our office room and have it fitted up in a business like way. A call will convince you that we are reliable and we assure you pleasant and courteous treatment whether you use our MONEY or not.

WOMAN'S CLUB ANNOUNCES MEETING FOR NOVEMBER

Mrs. Orville T. Bright, vice president of the National Congress of Mothers will address the November meeting of the Woman's club Saturday evening, Nov. 14, at the high school auditorium. Her subject will be "Parent-Teachers' Organizations." Mrs. Bright has been prominently identified with the work of parent-teachers' associations throughout the country and will be heard with interest by all who attend this first open meeting of the club.

Plans for the gathering were made Monday afternoon at a business session of the executive board at the public library. The change from the regular place of meeting, Academy hall, was made on account of the larger seating capacity of the high school room.

DETAILS OF LOAN FUND PLAN ARE MADE KNOWN

PLAN \$135,000,000 FUND TO TAKE CARE OF SURPLUS COTTON CROP

Federal Reserve Board's Outline is Sent to Clearing House Associations Throughout the Country.

Washington, Oct. 27.—Full details of the plan for a \$135,000,000 loan fund to take care of the surplus cotton crop were made public tonight by the federal reserve board. The board's outline of the plan was sent to clearing house associations throughout the country. Responses are expected to reach the board before the end of the week and officials were hopeful to night that the plan would meet with sufficient banking support to make its adoption certain.

The outline differs only in detail from the previous announcements of the board. The fund it shows is to be administered under the direction of a committee to be known as the central committee to be composed of the individual members of the reserve board. Actual administration of the fund will be under a "cotton loan committee" to consist of W. P. G. Harding, member of the board, chairman; Paul M. Warburg of the board; Col. E. M. House, Austin, Tex.; A. H. Wiggin, New York; James S. Alexander, New York; James B. Forgan, Chicago; Festus J. Wade, St. Louis; Levi L. Rue, Philadelphia, and Williams A. Gaston, Boston.

Two Classes of Subscriptions. There are to be two classes of subscriptions to the fund, the first known as "A" to aggregate \$100,000,000, and to be raised among bankers and other persons or corporations and firms in non-cotton producing states. Class "B" subscriptions are to be made by banks or bankers in cotton producing states.

Applications for loans must be submitted to state and local committees, which are required to approve them and to be made through banks or bankers, who are required to accompany applications with subscriptions to class "B" certificates amounting to 25 percent of the loan requested. This practically means that the non-cotton producing states participating will loan 75 percent and the cotton states 25. Every subscriber will receive certificates of participation, which shall be transferable on the committee's books and bear six percent interest.

LODGE CRITICISES POLICY OF ADMINISTRATION TOWARD MEXICO

Only Two Courses to Pursue, One of Total Abstinence or One of Efficient Intervention.

Worcester, Mass., Oct. 27.—The policy of the administration toward Mexico was criticised by United States Senator Lodge in a speech at a republican rally tonight.

"There were only two policies to pursue," he said. "One of total abstinence and the other of efficient intervention. The administration with extraordinary ingenuity adopted neither course but managed to pursue a system which had the defects of both."

The senator pictured the Democrats "as making a loud appeal for support on the ground that we are at peace and the present administration has kept us at peace."

"So far as the war in Europe is concerned," he continued, "no one in this country is responsible for that war, and no credit can be given to any political party for the fact that we are not involved in it."

"There is no peace in Mexico or with Mexico. Our navy holds a Mexican port. Our army holds a Mexican city—a city in a foreign country—and may be engaged in fighting at any moment. If this is the peace of which they boast as achieved in Mexico, it is of a queer and unusual kind and with a most precarious hold on existence."

NATURAL DEVELOPMENTS MAY LIGHTEN CONFEE'S BURDEN

Reserves Held Sept. 12th were \$580,000,000 in Excess of Amount Required Under New Law.

Washington, Oct. 27.—Comptroller of the Currency Williams tonight made public statements showing the reserves held by National banks in the twelve federal reserve districts on the date of his last call for their condition, the reserves required under the present national banking act and those in excess of the amounts required by the federal reserve act.

According to his figures, the reserves held September 12th, were \$580,000,000 in excess of the amount required under the new law. Of this vast sum \$53,000,000 was in Boston district; \$83,000,000 in New York; \$70,000,000 in Philadelphia; \$59,000,000 in Cleveland; \$21,000,000 in Richmond; \$14,000,000 in Atlanta; \$88,000,000 in Chicago; \$18,000,000 in St. Louis; \$43,000,000 in Minneapolis; \$57,000,000 in Kansas City; \$24,000,000 in Dallas and \$50,000,000 in San Francisco.

The statement shows that on September 12 the reserve of all national banks was about \$115,000,000 above legal requirements.

Another statement sets forth that present reserve requirements are \$1,460,911,455; that the new requirement will be \$955,792,269.

C. Justus Wright of Murrayville was in the city on business Tuesday.

ACTION OF GERMANS IS BIG PUZZLE TO RUSSIANS

Russian Generals Unable to Explain Action of Invaders in Delaying Night Attack.

(Petrograd, Oct. 27.—via London)—Reliable information received here from Warsaw, giving a detailed history of the attempted German advance in Russian Poland, says that the Russian generals are absolutely at a loss to explain what they call a German error in delaying night attacks and the opportunity was lost.

At the same time however the Russian generals who always are frank in admitting the achievements of the enemy, express admiration of General von Morgen's lightning advance of five German army corps over the difficult swampy region approaching Warsaw from the southwest. The appearance of the Germans in this quarter was most unexpected since the German network of railway systems and the previously constructed platforms for heavy guns pointed to the probability of a German advance from the north-west or west or from anywhere except the southwest.

The Germans made a grave error, it is asserted, in not pursuing the advantage derived from this unexpected advance which would have enabled them to approach within eight miles of Warsaw without their presence being made known.

Suddenly Change Plans. For unknown reasons the Germans suddenly decided to delay the attack until morning which allowed the Siberian and other Russian reinforcements to protect the city adequately. Papers found in the possession of German officers indicate that the general plan was to attack Warsaw that night. One explanation of the plan is that the Germans failed to obtain the assistance of the Polish element upon which they had counted.

The Russian generals also admire the Germans' abrupt extrication when they found themselves outflanked, their retreat being so complete and precipitate that the Russians were unable to overtake and engage the rear guard in action for several miles. The whole affair including the whirlwind advance and retreat at present is a puzzle to the Russians.

The inhabitants of Warsaw say that the dropping of German bombs which never were very damaging, now has ceased and, reassured by the presence of Russian reinforcements and the preparations being made to engage the enemy, the life of the city has become almost normal.

WIRE TAPPER SEEKS NEW TRIAL

New York, Oct. 27.—The motion for a new trial for Charles Gondorf, now serving a sentence in Sing Sing for swindling by wire-tapping fraud, will be heard tomorrow before Judge Swann. Attorney for Gondorf declares he is in possession of newly discovered evidence, which, if known, would establish his innocence. It is further asserted that the testimony of Eugene Adams, the alleged victim of Gondorf, was false.

Gondorf, who was convicted of stealing \$4,500 from Eugene Adams on a wire tapping swindle, was sentenced to Sing Sing to serve a term of from five to ten years. For the first time in his life, although he had been arrested frequently, Gondorf was unable to escape punishment.

Following his conviction and sentence, Gondorf applied to Justice Donnelly in the Supreme Court for a certificate of reasonable doubt. This was denied. His attorneys obtained from Judge Rosalsky a stay of execution pending decision on a motion for a new trial. Later Judge Rosalsky cancelled the stay of execution.

According to Adams' testimony at the trial, Gondorf asserted that he had enjoyed immunity for so long because he had a big pull with a number of political leaders and even members of the District Attorney's staff and Judges. The chief difficulty in every case in which Gondorf has been arrested, however, has been to get the complainant to appear against him. Gondorf attempted to bribe Adams to leave the country, and was caught as he was passing the money in the presence of detectives.

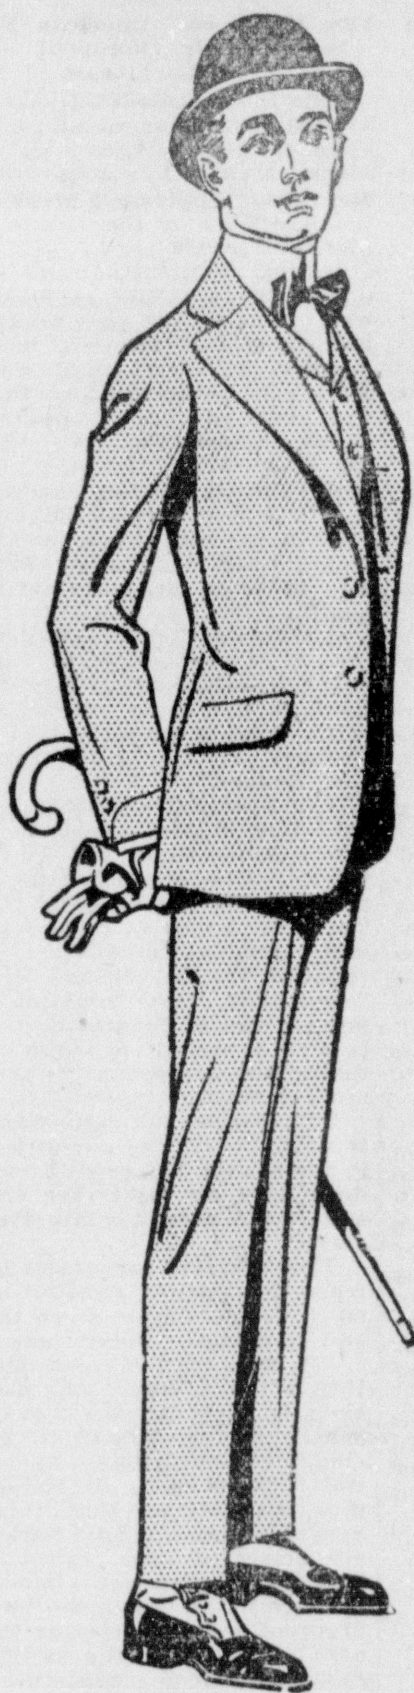

Adams came here from England in July and became acquainted with Gondorf, who was introduced as a racing manager for the Astors and Vanderbilts. He took Adams to a so-called "Jockey's Club" in Fifth Street, and after several bets were placed, Adams was induced to show \$4,500 as an evidence of good faith in a bet which Gondorf made. As Adams produced the money, pretended detectives broke into the place, told Adams he was under arrest and seized the money.

HARVARD FOOTBALL MAN WEDS

Brooklyn, N. Y., Oct. 27.—A pretty wedding took place at the church of the Holy Trinity here today, when Francis De Hart Houston, a former Harvard football star, took as his bride Miss Elizabeth Spence Weeden, daughter of Mrs. George Frederick Weeden. Houston made a brilliant record at Harvard, as did his father before him.

MEDICOS MEET AT CINCINNATI

Cincinnati, O., Oct. 27.—Five hundred doctors and surgeons from all sections of the middle west gathered here today for the fortieth annual meeting of the Mississippi Valley Medical Association. Leaders of the profession were prominent in the big gathering which assembled at the Sinton Hotel, where the convention opened this morning. A program of speakers and clinics, as well as entertainments and diversions, has been provided. The sessions will last for three days.

CIVIL SERVICE EXTENDS AGE LIMIT

Washington, Oct. 27.—The government inaugurated today a new policy with regard to its employees, when the Civil Service Commission admitted to a competitive examination applicants who are up to 60 years of age. The limit heretofore has been 50 years. Today's examination was for specialists in home economics, for which positions youth is not considered vitally requisite.

Fred Mohler of Orleans was a visitor in the city Tuesday.

Shoot the Brute.

Oh, bat the rat and slice the mice, and make this country clean and nice; From every house where people dwell, let's drive the rodents forth, pell-mell; In every store and every shop, let's chase the pests and never stop, until the spangled banner waves above ten million rodents' graves. The rats consume the farmer's oats, and gnaw the whistler's off his goats, and rob him yearly of a sum, which figured up, would strike him dumb. The rats destroy the grocer's cheese, his early prunes and seedless peas, and do such damage in his store the sheriff comes to close his door. They spoil the housewife's cherished flour, and make her sunny temper sour, and so she jaws around, of course, until her husband gets divorce. The rats a nuisance, without end, and there is no one to defend the noxious critter, foul and vile, the world's most hated animal. Let us with pitfall and with gin beset the path he wanders in. Let us go forth with bombs and guns, explore his alleys and his runs, and slay him as St. George of old laid out the dragon, fierce and bold. This world will be a better place when every tribe and every race of filthy things which crawl or fly, cur up their legs, or wings and die. So on their heads we've set a price; go, bat the rats and slice the mice!

SALTS IF KIDNEYS OR BLADDER BOTHER

Lead to Flush Kidneys and Neutralize Irritating Acids.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very painful, again, there is difficulty in avoiding it.

Bladder weakness, most folks can't, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.—adv.

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR.

Bring Back Its Gloss, Lustre, Charm and Get Rid of Dandruff.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yet—really new hair—sprouting out all over your scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

NON-PARTISAN MASS MEETING

PLEDGE SUPPORT TO CAPTAIN WRIGHT FOR REPRESENTATIVE

Republicans and Democrats Hold Enthusiastic Gathering in Interest of Morgan County in State Legislature.

In accordance with a call issued some days ago there was a large and enthusiastic mass meeting at the court house Tuesday night. In every sense of the term it was strictly non-partisan and every voter present was imbued with the idea and fully determined that the 45th Senatorial district should be given to understand that historic old Morgan county is on the map of Illinois.

Hon. F. L. Sharpe was chosen to preside which he did in a manner that did him great credit. Nearly every precinct in the county was represented and the speakers' remarks were enthusiastically applauded inasmuch that the meeting was a decided success in every particular. The gathering was in the interest of no party but altogether in the interest of Morgan county, each speaker demanding that Morgan county should have at least one representative instead of Sangamon having the state senator and three representatives, and all of them from the city of Springfield, as is the case now and has been since 1906. That Jacksonville has three of the largest institutions in the state and that Morgan county is entitled to no representative who understands the needs of these state charitable institutions and the agricultural interests of both Sangamon and Morgan counties of which for years it has been denied and the man most competent to fill the place in the opinion of all present was Captain John E. Wright, a gallant defender of his country in the greatest crisis in human history; an able, clean, honest citizen and a native of the soil whose life history is known to every resident of historic Morgan county. The man who has had experience in the lower house at Springfield in the years past, whose name is a synonym for integrity, honesty and sobriety in all the walks of life.

Hon. L. W. Chambers offered the following resolutions and moved its adoption, which was seconded by Captain J. M. Swales.

Resolution Adopted.
Whereas, there has not been elected from the county of Morgan a representative in the General Assembly of Illinois since the election of 1906, and at all subsequent elections the State senator and the three representatives to the Legislature have been elected from the county of Sangamon, and we do not believe that the election of representatives in that manner meets with the wishes of a large number of people of Sangamon and Morgan counties that compose the 45th Senatorial District. We believe that it were better for the people of both Sangamon and Morgan counties if the representation was more equally apportioned between the two counties, and we do not regard it as in harmony with the principles of Democratic government that the State senator and the three representatives should be elected from one county in the manner they have been for the last several elections, and as Morgan county now has a candidate in the person of Captain John E. Wright for representative in the lower house of the Legislature, we regard it as highly proper that he should be elected as a representative from Morgan county.

Therefore Resolved, by the Democratic and Republican parties of Morgan county, represented in a mass meeting of both parties, that we hereby pledge our full support to Captain John E. Wright as a candidate for the lower house of the general assembly, and we fully believe that a very large number of the people of Sangamon county will regard our action in this respect as fully justified and in harmony with the principles of Democratic government, and will, therefore, support Captain Wright for the Legislature.

Each voter present constituted himself a committee of one to be at the polls on election day and do all in his power in the interest of Captain Wright.

Altogether this non-partisan mass meeting was one of the largest and most enthusiastic of this campaign and bodes no good for the professional politicians of the capital city who arrogate to themselves the right to control the entire district.

Amid much enthusiasm and a determination to elect Capt. Wright the meeting adjourned.

EASTERN CAROLINA FAIR OPENS.

New Bern, N. C., Oct. 27.—Today was the gala day for all of Eastern North Carolina, when the annual fair opened here, larger and better than ever before. The products of the soil, particularly good this year, are displayed. Horse racing, a midway, and many other attractions served to draw a big crowd of the country folk. The fair will continue until Friday night.

STAR SPANGLED BANNER CENTENNIAL.

New Book on American National Song Lately Received at the Public Library.

This is the centennial year of the writing of the Star Spangled Banner by Francis Scott Key. Of all the songs inspired by patriotism the Star Spangled Banner probably has the first place in the hearts of the American people.

During the eventful night in September in 1814, Key, a prisoner of war, standing on the deck of an English ship in the midst of the excitement of battle, could see at intervals by the flash of cannon and the glare of rockets and burning snells, the American flag still floating over Fort M'Henry. In the early dawn after the bombardment it was still waving in triumph and Key in his enthusiasm of the moment, wrote the song which bids fair to be as deathless as the flag itself.

Among the events commemorating the centenary of the song, not the least, and in fact the one likely to be the most enduring of all is the new enlarged edition of Mr. Sonneck's treatise on the Star Spangled Banner.

The historical sketch includes a collection of the known facts relating to the tune as well as the words. The original title of the tune is "Anacreon in Heaven." There are a number of photographic plates largely reproductions of the pages of various editions of the famous song. The frontispiece is a fine portrait of Francis Key. There is also a portrait of John Stafford Smith who is supposed to have written the music.

This timely and important work is published by the government and is for sale by the superintendent of documents for eighty-five cents. A gift copy was sent to the Public Library.

The following paragraph is taken from the Monthly Catalog of United States documents as to the value and permanence of this book. "It may seem a rash statement that a mere book of paper and cloth is likely to be a more permanent enduring memorial than a monument of granite and bronze, but it is not rash. It simply takes into consideration that this is an age of libraries. Only works of art are preserved and cared for like books. Though not imperishable in themselves, they are housed in fireproof and otherwise as imperishable structures as the skill of man has been able to construct. Take this fact in connection with the other fact that books are duplicated in great numbers, so that many copies are preserved in many imperishable places, one may easily conclude that a worthy book has at least as many chances for immortality as any other of the works of man."

(Political Advertisement.) TO THE VOTERS OF MORGAN COUNTY

I sincerely appreciate the sentiment in Morgan Co. and I will not try to persuade you that that sentiment is wrong.

Because I have always contended that you were entitled to a nominee, I have never come into Morgan Co. to secure votes preceding a primary election.

Notwithstanding this, however, Morgan county has always given me a very large vote both at the primaries and the elections. I have always sincerely appreciated that vote and especially so two years ago when I was elected.

by only 239 votes and had it not been for the votes given me in Morgan county, local opinion would have had one less vote in the last legislature.

To those who may wish to vote for me this year, I make the following statement and pledge: As your Representative, I have kept faith with the people of this district.

Have cared for the interests of Morgan county as carefully as I have those of Sangamon;

Have voted for every sane progressive measure, honestly introduced;

Have never neglected my duty in attendance at sessions or committee work;

Worked and voted, during the last session, to keep the appropriations down to the minimum, that the burdens of taxation might be lightened;

As a matter of conviction, I have consistently voted for all reasonable legislation, the passage of which, would tend to lessen the evils of the liquor traffic.

If this record suits you—repeat the vote and I will repeat the record.

Yours sincerely,
Thos. E. Lyon

CONCORD.

Dr. Frank Stewart McKinney of Chapin and cousin, Wilson Smith, of Waverly, were in Concord Monday and made the Caldwell's a pleasant call.

Mrs. Eliza Roberts went to Davenport, Iowa, Tuesday for a visit with her daughters, Mesdames Kathryn Englehart and Anna Groer.

Mr. and Mrs. Spencer Smith spent Saturday in Jacksonville.

Hon. A. P. Grout of Winchester was in Concord Saturday.

Mr. and Mrs. C. E. Newton were in Jacksonville shopping Thursday.

Mr. Ralph Simpson, superintendent of Adams Express Co., of Peoria, was in Concord Saturday.

Mrs. Austin Smith and Miss Eva Gaddis spent Wednesday in Jacksonville. Mrs. Smith visiting with her grandfather, Jas. O. Hamilton and E. G. Caldwell and family.

John O. Mick had the misfortune to fall from a ladder Monday morning while putting in a due at the elevator office for W. C. Calhoun, severely shaking him up, but he seemed better Monday afternoon and hopes soon to feel no effects of the fall.

A. R. Lewis, inspector, was in Concord on business Tuesday.

Mr. and Mrs. Frank Brown and little Jas. Mount Brown visited his nephew, Jas. Gaddis and family recently.

Mrs. Ed. Winn and brother, Wm. Dracser spent Saturday afternoon in Jacksonville shopping.

Mr. and Mrs. Herman of Bluffs visited their daughter, Mrs. Henry Snitker here over Sunday.

Robt. Thompson of North Prairie was in Concord Monday afternoon. The sympathy of the entire community is extended Miss Gordon, the efficient primary teacher in the death of her mother, who died of heart disease Friday at their home in Jacksonville.

John P. Yeck, Glenn Yeck, Geo. Johnson and Lou Hess went to Jacksonville Sunday.

Chas. Schliker, northwest of Concord, has 11 acres in orchard from which he has gathered 2800 bushels of Ben Davis apples.

Miss Hamilton of Winchester is visiting Mrs. Lee Filson and family.

The Ladies Aid of the M. E. church will serve dinner and supper election day in Bayless' Hall. Come and enjoy yourselves and aid a worthy cause.

Chas. Graff and brother, Grant Graff of Jacksonville were here Friday interviewing voters in the interest of Grant Graff's candidacy for sheriff of Morgan county.

Mrs. Robert Livesey was shopping in Jacksonville recently.

Edgar Cooper of Springfield is in Concord for a visit with relatives.

Mrs. Charles Bayless and sister-in-law, Miss Adela spent Monday in Jacksonville.

Mrs. Elizabeth Herd of Jacksonville was in Concord Thursday.

Mrs. Wm. Zahn was brought home from the hospital where she was operated on recently and is improving nicely we hear.

GRACE CHAPEL.

Quite a number have been attending the revival meetings at Union church, in charge of Rev. A. L. Cain.

Mrs. Hattie Valley and daughter, Mrs. Alice Charlesworth, visited Tuesday with Mrs. Hattie Ogle.

Baxter Hale who has been quite ill during the past week is improving.

Millie Wiswell spent a few days last week with her sister, Mrs. William Jones.

Neuralgia

There is no need to suffer the annoying, excruciating pain of neuralgia; Sloan's Liniment laid on gently will soothe the aching head like magic. Don't delay. Try it at once.

Hear What Others Say
"I have been a sufferer with Neuralgia for several years and have tried different liniments, but Sloan's Liniment is the best I have tried. It has been used for 15 years and I think there is nothing else. We use it on everything, sore, cuts, burns, bruises, sore throat, headache and on everything else. We can't get along without it. We think it is the best liniment made."

SLOAN'S LINIMENT
is the best remedy for rheumatism, backache, sore throat and sprains.

At all dealers, 25c.
Send four cents in stamps for a TRIAL BOTTLE
Dr. Earl S. Sloan, Inc.,
1010 Locust St. Philadelphia, Pa.

Mrs. Fred Brainer visited Friday with home folks.

Mrs. Elmira Wiswell spent a few days last week at the home of Eliza Brainer and went to Jacksonville Wednesday to visit Mr. and Mrs. James Long, who still remain very poorly.

Mrs. Othello Holt visited Thursday with her mother, Mrs. Hannah Brainer.

Walter Houston, Harry Ogle and Elmer Smith attended the Democratic mass meeting at Jacksonville Friday night.

Dr. Thomas Willerton came out to John McFadden's Thursday afternoon in his automobile and on his return, while driving rapidly down the hill near Vinton Bourn's residence collided with a team and wagon owned by J. Q. Johnson. The team broke the harness in a number of places and received a few small injuries when the car struck them. One of the lamps was broken on the car, but no serious damage was done and no one was injured.

Harry Ogle was called to Loomis Thursday on account of the serious illness of his aunt, Mrs. Jack Runyon.

Mr. and Mrs. John Bourn have moved from Litchberry to the house recently vacated by Henry Swentin and family.

Mr. and Mrs. Clifford Wiswell and family visited Sunday with R. P. Goodpasture.

Miss Benson of Jacksonville visited over Sunday with Mr. and Mrs. Harry Ogle.

EXETER.

Miss Marie Bean visited Verna Mathews Saturday and Sunday. The dance in the hall here Saturday was well attended.

Miss Maggie Brackett left for her home in Alsey Sunday.

Miss Freda Barths and Arthur Barths visited at the home of Gus Coons.

Mrs. John Korty of Bluffs visited at the home of her parents, Mr. and Mrs. Lewis Voortman Sunday.

Miss Ella Perry visited Mrs. Scott Peak Sunday afternoon.

Mrs. William Taylor visited at the home of her mother, Mrs. George Bean, Sunday.

Martin Emmons' new store is rapidly nearing completion. It is being erected by James Brown.

D. W. Mills shipped a nice bunch of hogs Monday.

William Weeden called at the home of Charles Morris this week. Thomas Mason and wife are visiting friends in the neighborhood.

Several from town attended the sale of N. Chapman at Naples.

Mrs. C. Morris called at the home of Mr. and Mrs. Wesley Sullens Sunday.

ECZEMA SPREAD ALL OVER HANDS

Would Dry, Crack and Swell. Could Not Put Hands in Water Nor Do Work. Itching and Burning Terrible. Used Cuticura Soap and Ointment. Hands Well.

101 S. Boots St., Marion, Ind.—"First the eczema started on my fingers, then spread all over my hands. It broke out in tiny blisters, then would get dry and crack and swell so I could not have my hands in warm water they hurt me so badly. I could not do all my work. The itching and burning were terrible. The more I scratched my hands the worse it made them. They were so bad I could not help scratching them and would walk the floor they annoyed me so. I could not sleep, lost many nights of rest on account of the eczema. My hands were not fit to be seen and I kept them wrapped up and wore mittens that I made out of old linen.

"I was about one year using remedies, then I saw an advertisement in the paper saying that Cuticura Soap and Ointment were good. I wrote at once for a sample. Then I bought one cake of Cuticura Soap and one box of Cuticura Ointment and before they were half gone I could see my hands were better. Before the second box of Cuticura Ointment was gone my hands were well and have remained well ever since." (Signed) G. W. Sharp, Oct. 31, 1913.

Samples Free by Mail
Although Cuticura Soap (25c.) and Cuticura Ointment (50c.) are sold throughout the world, a sample of each with 22-p. Skin Book will be sent free upon request. Address post-card "Cuticura, Dept. T, Boston."

Greatest Event in Woman's Life

All human experience looks back to motherhood as the wonder of wonders. The patience, the fortitude, the sublime faith during the period of expectancy are second only to the mother love bestowed upon the most helpless but most marvelous creation—a baby.

Women are quick to learn from each other those helpful agencies that aid to comfort, that conserve their nervous energy and yet are perfectly safe to use and among those they recommend "Mother's Friend."

It is entirely an external application designed to lubricate the broad, flat muscles and skin that protect the abdomen. It has been in favorable use for nearly half a century and is known to mothers in almost every settled community in the United States who highly recommend it. You will find it on sale in drug stores. "Mother's Friend" is utterly harmless, contains no deadening drugs and yet its influence in the skin and muscles beneath as also upon the network of nerves beneath the skin is a wonderful help. The muscles expand naturally and are not subjected to the unnecessary surface strain and pain during a most trying period.

Get a bottle of "Mother's Friend" today at any drug store and write to us for our instructive little book to mothers. Address: Badfield Regulator Co., 513 Lamar Bldg., Atlanta, Ga.

It should be remembered that what is said of "Mother's Friend" is the thought expressed by the thousands of women who have successfully used it and recommended it through two generations.

Mr. and Mrs. J. H. Scott were Sunday afternoon guests at the home of Henry Reece.

George McKain is having his hogs vaccinated this week.

Johnson Sheppard of Nortonville was calling on friends in the Cross Roads neighborhood Monday.

Glen Hembrough was a Sunday evening guest with Edward Horton.

Mrs. J. D. Hembrough and son Richard are visiting with relatives and friends in Bronson, Kansas, and also attended the wedding of her nephew, John Crawford, to Miss Faye Thompson of Bronson. They will make their home in King City, Mo. Both young people have many friends here who will wish them all success and happiness in their new home.

MARKET LETTERS.

Chicago Livestock Market.
Chicago, Ill., Oct. 26.—Oliver S. Green, with Walter Bros., Union Stock Yards, Chicago, Ill., reports the estimated receipts for Monday Oct. 26, 1914, 20,000 cattle; 33,000 hogs; 32,000 sheep.

With a falling off of 4,000 cattle at six of the leading markets as compared with the same time one week ago, in connection with cold weather, the semi-demoralized condition existing in the market last week, for all but choice to prime beefs in a great measure faded away today on choice to prime lots.

The market was strong and 10 to 15 cents higher with other grades in better demand. After 1 p. m. a small quota remained in first hands. However this forenoon was well advanced before the "base up" on the bulk aside from the more desirable offerings and held the market down as long as possible before paying stronger prices. The quality generally was plain. The eleven cent market came back for 35c, prime 1933 pound shortlows and hereofers that came from Denver, Colo., show last year, and a few other loads of prime handy to good weights, \$10.50 to \$10.75, with yearlings reaching the same figure.

A small proportion of the run was disposed of at 10c above. Fat handy and good weights ranged aside from the prime class \$9.00 to \$9.50. The run contained a liberal showing of short feds and landed at \$8.15 to \$8.75, with a big delegation of off grass and but little corn, \$7.25 to \$7.90, with sales at 7c and below for the common weight and light killers that found no feeder outlet.

More moderate runs are still wanted to place values on a basis when the market will be in a condition when different buyers will not bid 25c to 50c apart on a big list of those on sale.

The western range run was cut 50 per cent and called 5,000 against Monday last week, and 6,000 one year ago. The bulk sold 10 to 15c higher, with a few lots classed 25c above, the recent low spot. One drove of the Kehoe Bros., Montana, sold up to \$9.40, yet it was a small showing above \$8.40 and in fact but few up to 8c or over. The main supply was of the plain and medium class at \$7.15 to \$7.85, with light common Mexican Texas down to \$6.25. Range feeders and she stock 10c to 15c higher.

The stocker and feeder market on a moderate supply found dealers willing to pay 10 to 15c more than the "dud stock" prices last week. Feeding heifers \$5.50 to \$6.50. Stock heifers \$5.00 to \$6.00. Stock and feeding bulls \$5.25 to \$5.90. Stock calves \$7.25 to \$8.00.

Choice to prime heavy beefs \$9.50 to \$11.00. Good to choice corn feds, \$9.25 to \$9.80. Medium to goodsteers \$8.50 to \$9.20. Plain to medium warmed ups \$8.15 to \$8.45. Common to plain steers \$7.25 to \$8.10. Inferior to rough, \$6.25 to \$7.25. Good to prime yearlings, \$7.25 to \$8.15. Stockers and feeders, 100 to 1250 pounds \$7.85 to \$8.25. Stockers, 500 to 700 pounds, \$6.60 to \$7.25. Fair to good \$6.00 to \$6.60. Stockers common to fair mixed \$5.40 to \$5.85. Inferior common \$4.75 to \$5.35. The she stock was mostly 10 to 15c higher on choice stock. Cannons and medium kinds only firm. Bull trade steady to higher. Calves 10 to 25c lower. Fat cows \$4.90 to \$7.00. Heifers \$4.50 to \$6.00. But \$4.50 to \$4.75. Canners and cutters \$2.50 to \$4.75. Common and heavy calves to good weaners \$4.50 to \$10.25. Choice to fancy \$10.50 to \$10.75, with a small lot extra fancy 11c.

Hogs—The hog market opened 5 to 10c higher but closed with most advance lost. Pigs 25c up. Mixed packing \$7.10 to \$7.40. Mediums and butchers \$7.45 to \$7.55. Poor to good heavy packing \$7.05 to \$7.40. Rough heavy \$6.70 to \$7.00. Pigs and throwouts \$2.75 to \$7.85. Select packing and shipping \$7.45 to \$7.75.

Sheep—Sheep and lambs 10c to 15c lower than last week's close. Feeders give steady prices for suitable lots. Fed westerns sell \$6.50. No choice range lambs offered. Native weathers \$5.75. Fed western ewes \$4.00 to \$5.15. Montana yearlings \$5.00 to \$6.50. Montana breedings ewes \$4.25 to \$5.85. Native lambs \$6.00 to \$7.85. Montana feeding lambs \$6.50 to \$7.00. Bucks \$3.50 to \$4.00.

Kansas City Livestock Market.
Kansas City Stock Yards, Oct. 26.—Stocker and feeder prices dropped 25 to 50c last week, and there was a heavy hold over in the hands of owners at the end of the week. Total shipments for the week were 38,000 head, one of the biggest weeks this year. So far this month output of stockers and feeders, to country points amounts to 117,000 head, only 14,000 head less than same days last year. Receipts of cattle here today are 24,000 head, a considerable decrease from any recent Monday. As heretofore, the range country furnished nearly the whole run today, good yearlings, two, and calves being numerous. Choice stock calves bring \$7.75 to \$8.25, and highest grade yearlings \$7.50 to \$8.00, good stockers and feeders \$6.50 to \$7.50, and many common stock under \$6.00, some down to \$5.25, not Jerseys at that. There is a better feeling today, and a large attendance of buyers from the country with a moderate advance in prices over the low close last week. Almost every section of the country reports a surplus of feed and a shortage of cattle. Hard money conditions have held down the demand all fall, and was the main factor in bringing values to their present level. Not only was buying restrained, but marketing of cattle from the range country was increased, a combination most favorable to the buying side. Buyers in November will have some advantage over those who bought earlier, as they get better weights on cattle after some of the grass sap has been frozen out of them. Buying weights are maintained on such cattle more

easily. Wheat fields are calling for cattle all over the wheat area and considerable demand for that line will be in evidence for a while.
J. A. Rickart,
Market Correspondent.

FOURTEEN RAILROADS SEEK RATE INCREASE.

Jefferson City, Mo., Oct. 27.—Fourteen railroads were represented this morning in the hearing which began before the Public Service Commission of Missouri, on the appeal of the rail lines for a three-cent per mile rate for passenger fares. The hearing is being watched by the other railroads of the country, for this is the first step in a general movement by the railroads to secure the suspension of the two-cent per mile law in many states.

Many commercial organizations in Missouri were represented at the hearing today. They are contesting the appeal of the railroads. They assert that the 3-cent rate, if granted, would place populous Missouri on the same basis as Oklahoma, which is sparsely settled.

The commission held in a previous case in Missouri that it had no authority to grant an increase in passenger rates to 3 cents a mile, because the statutes of the state fixed the rate at 2 cents.

The contest will be bitterly fought on both sides, for the railroads are using every energy, not only for an increase of passenger rates, but for a substantial increase in freight rates and excess baggage rates.

VIRGINIA MEDICAL MEN AT WASHINGTON.

Washington, Oct. 27.—The annual convention of the Medical Society of Virginia opened today at the New Willard Hotel. The annual ball will take place tonight.

The physicians will tomorrow view the exhibit of the public health bureau has prepared for the San Francisco Exposition and will be taken to Fort Meyer to witness a special drill for their benefit.

The annual banquet has been set for Thursday night, and many prominent speakers are slated to be present.

COMBING WON'T RID HAIR OF DANDRUFF

The Easiest and Best Way is to Dissolve It.

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you want to preserve your hair, do by all means get rid of dandruff, for nothing destroys the hair more quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everyone notices it. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

THE Keeley Treatment

Thirty-fifth Year
For Liquor and Drug Users

We permanently remove the craving for Liquor and Drugs in all cases and at the same time

improve the physical and mental condition. We have no rivals as far as successful treatment is concerned. Our methods are humane and scientific; no sickness, "knock-out" or bad after effects.

Our charges are reasonable. All our business, including correspondence, is strictly confidential. We have Home Remedies for Tobacco Using and Nervousness.

Write for free illustrated booklet which will be sent in sealed envelope.

CLOGGED NOSTRILS OPEN AT ONCE, HEAD COLDS AND CATARRH VANISH

In One Minute Your Stuffy Nose and Head Clears, Sneezing and Nose Running Cease, Dull Headache Goes.

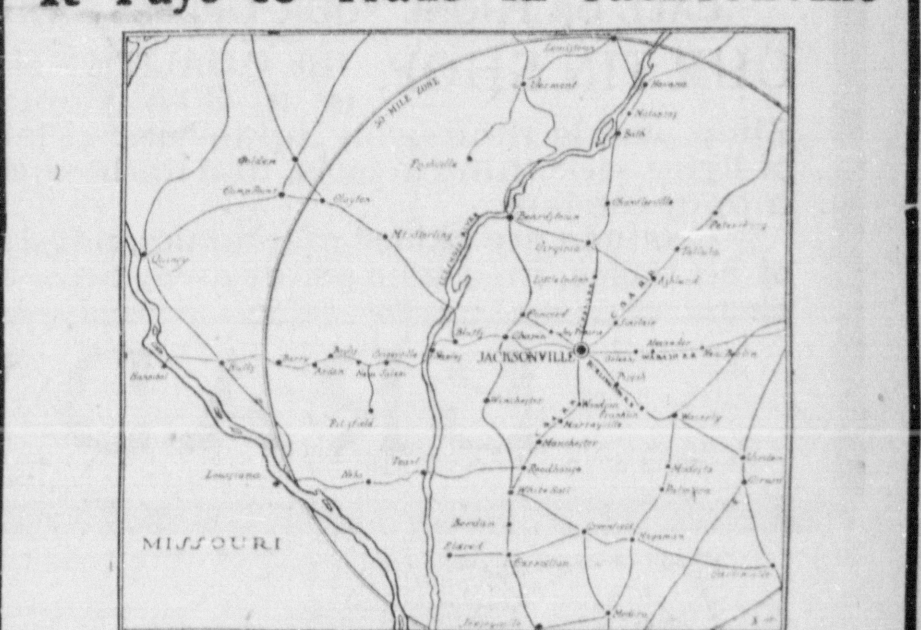

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm"—your cold or catarrh will surely disappear.

It Pays to Trade in Jacksonville

You can buy goods in Jacksonville of equal quality and at prices lower than in the larger cities. Besides you can inspect the goods before you pay your money and someone near at hand ready to correct any error made.

Buyer's Transportation Free. Buy a round trip ticket which will get you a Rebat Book FREE from the merchant with whom you trade. When the total purchases equal \$15.00 for persons living 20 miles or less, or \$5.00 more for each additional 10 miles traveled, your car fare is immediately paid. Fares will be refunded any time during 10 days from the day the book is issued. Be sure to ask for a Rebat Book.

NOT HOW CHEAP, BUT HOW GOOD!

We are not in the furnace business to see how cheap we can build them. The trade of cheapening is one we never served in apprenticeship. It isn't worth a candle. The only way to get satisfaction out of furnace work is to do it as well as it can be done. We don't claim to have the cheapest furnace, but we do claim to give you more

GOOD, HONEST, FURNACE VALUE

than you can obtain elsewhere. You must not lose sight of the fact that in buying a cheap furnace you pay for what you get, and since the dealer who sells cheap furnaces makes as much profit as the one who puts up a good one, there is a great temptation to use the cheap price as a bait.

The hot air system of heating is growing in popular favor every day because it gives the most perfect circulation and greatest amount of pure fresh air. If you want a perfectly heated home let us install a

Bay State or 20th Century Furnace.

You'll save money in coal bills and have the comfort and satisfaction of a warm home in winter.

Furnace Repairing

Is a specialty with us. We give every job careful and detailed attention

CALL OR PHONE YOUR ORDERS EARLY.

OUR TIN SHOP, The QUALITY SHOP Shop, and is thoroughly up-to-date. Plenty of light, everything in tools, and the best that money can buy.

Our men are skilled mechanics, not Jack of all trades, men who potter away time and

money and turn out poor work, but masters of the business who do perfect work and do it quickly.

Metal Ceiling and Slate Roofing

We are particularly strong on this class of work, and if you want the best and most artistic job, don't fail to call or write "THE QUALITY SHOP."

ROOFING PAPER and RUBBER ROOFING, all kinds at lowest prices.

BRADY BROS.

Like a Home in Florida FAVORITE BASE BURNERS FOR WINTER COMFORT

Have You Seen This Poster?

It Tells the Story of a Wonderful Heating Stove

We wanted you to get acquainted with the Favorite Base Burner—that's why we had the city covered with these beautiful colored posters that you see everywhere.

We knew that if you once became familiar with the superior points of the Favorite as compared with other base burners—learned that it actually has no equal in beauty, durability, and fuel-economy—you would buy no other heating stove.

The Favorite will keep every part of your house warm all winter, and do it with from 2 to 3 tons of coal. Every square inch of this unequalled stove radiates volumes of heat which constantly circulates throughout the home, maintaining an even temperature, night and day.

The Favorite is built in a plant erected especially for the production of fine stoves. Only expert workmen are allowed to take part in its construction. Sixty years of stove experience are concentrated in it.

The many exclusive features that make the Favorite

supreme among heating stoves are all patented, and can be found on no other stove. You will find the principle reason why it is the best in the celebrated Separated Flue construction—and this feature is patented. Why not save two or three tons of coal this winter with a Favorite? You will

get more warmth and satisfaction, too.

Here is Our Offer

Put the Favorite in your home. Try it for thirty days, two months, all winter, if you want to. Then, if you do not find that everything we have said of it is true, we will take back the stove, and refund your money. Can you think of a fairer proposition than that?

We could not afford to make this offer if we did not KNOW that the Favorite would back up and do just what we claim for it. But we are positive that after you once tried the Favorite you would not part with it for twice what it cost you, if you could not get another just like it.

If money counts—if comfort counts—if the health and happiness of your family count—you cannot afford to buy or use any heating stove but the Favorite.

COUNTRY NEWS and PERSONALS

LITERBERRY.

Miss Lou Martin of Ebenezer neighborhood was visiting relatives in Literberry Friday.

Dr. M. J. Wolfe of Jacksonville made a professional call here last Wednesday to see Mr. McWilliams and the latest report is, Mr. McWilliams is improving.

Mrs. John Baker and children of Hackberry Hill, visited at Sunshine cottage Thursday evening.

Mrs. Nate Neil, Mrs. Claude Neil and P. B. Henderson of Arcadia were in our town Thursday.

Mr. and Mrs. Lee Scribner and children spent Sunday at Maple View in the Grace Chapel neighborhood with the pleasant family of Mr. and Mrs. Walt Mason.

The Baptist Sunday school made arrangements to go to Grace Chapel on Sunday afternoon to sing four or five select songs, but were called to Arcadia to sing at the burial of the little daughter of Mr. and Mrs. Fred Conover.

Mr. and Mrs. Charles Litter of Kansas City, (formerly of this place) were here last week visiting friends for a few days, having been called to Jacksonville by the death of Mr. McCausland, father of Mrs. Litter.

Mrs. John Hunter and Mrs. W. C. Murray attended the Baptist State Convention at Mt. Vernon last week and brought home an enthusiastic report of the spiritual fever of the meeting, each ladies reporting at the morning service Sunday.

Most of our people attended the burial services of the Conover child at Arcadia cemetery Sunday afternoon.

Thanks to our efficient highway commissioners, Elmer E. Henderson, for clearing our "Koli Rabi Alley" and removing the junk; the alley looks much better now and gives more room for driving.

Mr. and Mrs. Bourne of Peoria Boulevard have moved to Crackers Bend and are living in the James Long house, on Gospel Hill.

Rev. Mr. Fife is still pounding away at the Christian church with good success. We are not aware

how long the meetings will continue.

Rev. W. H. Dickman filled his appointment at the Baptist church, Sunday morning and preached an excellent sermon from the text, "A Man Without God." After the sermon there were two accessions to the church; at our Sunday school we have a class of old, middle aged and young, married men of about a dozen or more; of course this is the brainy class of the school and it is nothing uncommon for them to be a preambing body. Our superintendent calls for something special occasionally, and each class is expected to respond promptly; one Sunday a reading, another a song or recitation, and sometimes an exercise by the children. The plan has worked fine and the superintendent appreciates the willingness of his scholars in complying with his requests. One week ago he informed this class they would have a special song, Sunday morning he announced that the class would sing. This only brought smiles and excuses from the members of the class. Our superintendent, Mr. S. H. Crum is one of the mildest and best natured fellows one ever met, but he has a backbone as big as an elephant, and if you think you can play horse with him, you are badly mistaken, for he is determined to have perfect discipline in his school. When this class failed to take their places and sing, Mr. Crum stretched forth his arm and spoke in words that one could not mistake: "that class will sing a special song next Sunday, or I will fine every one of them a heavy fine." The smiles disappeared and the class put their heads together for a council of war; one said, "Let's sing now; sing the closing song today and get it off our minds; if we don't sing today, we will forget it by next Sunday, and then there will be trouble." So they marched up to the rostrum like good boys and sang, "Jesus is Calling" in a manner to beat the band, and received applause from the school, which made them feel better on leaving the rostrum than when going to their places before singing.

We have not told you that the school was having a good deal of fun at their expense, and had they not been men of much bravery, humility

and endurance, with a good sprinkling of that well known metal, brass, they could not have gone through the ordeal. Firmness is a good thing in a superintendent of Sunday schools.

SHILOH.

Revival meetings started Sunday night at Shiloh. The pastor, Rev. H. F. Cusick will conduct the services. Everybody come out and help in a good cause.

Mr. and Mrs. Oscar Peevey and son Floyd visited Sunday with Mr. and Mrs. Thomas Strickler.

Mrs. Robert Clark of Chapin, visited her sister, Mrs. William Phillips last week.

Mr. and Mrs. Walter Bourne visited with relatives near Arcenville Sunday.

Mr. and Mrs. Louis Maul of Literberry spent the day last Thursday with Mr. and Mrs. William Phillips.

Roy Dodsworth who suffered a dislocation of the shoulder a short time ago, is getting along nicely.

MORGAN.

Miss Bertha Nieman spent Saturday and Sunday at her home in Winchester.

Mr. and Mrs. Clyde Williams and children spent Sunday in Chapin with their uncle, W. B. Markham and family.

Mr. and Mrs. George Audencamp and Mr. and Mrs. Ernest Nieheiser of Nebraska, spent Friday with Herman Rahe and family.

William E. Thomson of Jacksonville, candidate for county judge on the Democratic ticket was a caller here Friday.

Charles Freitag of Winchester bought cattle and sheep here the latter part of the week.

Mrs. J. K. Hutches, Mrs. T. H. Stone and Mrs. M. V. Hatches spent Friday afternoon with Mrs. Clyde Williams.

Mr. and Mrs. Charles Taylor visited in Baylis last Thursday and Friday.

Riley Taylor visited his brother-in-law, David Foster near Lynnaville Thursday.

Bertha Williams spent Tuesday afternoon with Miss Emma Tomhave. Paul and Margaret Eagan of Chapin spent Sunday with their uncle H. O. Smith and family.

Chester Williams spent Sunday with John Taylor.

Mr. and Mrs. Herman Rahe and family spent Sunday with Harma Boech and family.

MURRAYVILLE.

W. W. Walker left Tuesday for Cedar Rapids, Ia., for an indefinite stay.

Dr. W. A. Wesner is visiting relatives in Indiana since last week.

Mrs. Julia Goodrick and Mrs. Hannah Barrows of Jacksonville were guests the fore part of last week, of their cousin, Miss Emma Rimbey.

The Queen Esther circle are planning an entertainment and box supper to be held in Carlson's hall on Thanksgiving evening. Ten cent admission to those not bringing boxes.

C. F. Strang and wife, Mrs. W. B. Wright and Harry Strang and family spent Sunday with the formers son, Edward Strang and family of White Hall.

Miss Helen Crouse returned home last week from Passavant Hospital. She is improving in a very gratifying manner.

The Ladies Aid society are going to have a Halloween social in the church basement Friday evening. All adult members of the church are cordially invited to attend.

Mrs. T. G. Beadles and son Wilbur Eugene spent the latter part of last week with her parents at Roodhouse.

Miss Lucile Knox and Neva Rochester of Manchester visited Mrs. C. R. Short and family, Saturday night and Sunday.

Mrs. W. A. Wesner spent Friday with her son, Mayo and wife at Roodhouse.

Miss Clara McHorter of Woodson Sundayed with relatives and friends here.

Harry Lemon and family of near Manchester spent Sunday with Burt Millard and family.

The Ladies Aid society of the M. E. church has quite a nice report for the past year, which is as follows:

Amount in treasurer first of year	\$ 87.02
Total receipts of year	1,042.34
Total disbursements for year	842.20
Amount in treasury	287.16
Net proceeds for term	507.92
Donations for the church	247.25
Mrs. Martha Haynes and daughter left Monday with their household goods for Virden where they will reside in the future.	

A. J. Johnson visited his son Ray and wife at Chicago from Thursday until Sunday.

John Rea and family and Mrs. Edwards and son of near Waverly visited Mrs. Edwards' daughter, Mrs. William Wade and family Sunday. They came in the formers automobile.

The Queen Esthers met last Friday evening with Miss Marie Angelo. Twenty-five members were present. A very pleasant and profitable evening was spent.

W. T. Cook and family spent Sunday evening with relatives in Jacksonville.

E. H. Crouse and wife were called to Franklin Saturday on account of the death of the latter's nephew, James William Seymour.

Edward Wareup and family of near Winchester Sundayed with relatives here.

The Baptist revival under the leadership of the pastor, Rev. Roy March is growing in interest. There have been five conversions and the meeting will continue for an indefinite time.

Tuesday being Lucile Short's 11th birthday, her mother planned a surprise for her by inviting the girls of her school and Sunday school classes to the home for a social hour. Games were played after which refreshments were served. All left declaring that Lucile had had about the greatest surprise they had ever seen and feeling that they had been delightfully entertained.

DURBIN.

Misses Lois and Rhoda Scott attended the funeral of Bert Taylor in Jacksonville Sunday.

Mr. and Mrs. Ring of West Plains Mo., and Mr. and Mrs. Al Ebbey of Jacksonville spent Sunday with relatives here.

Durbin school was closed Monday on account of the funeral at Providence of little James Seymour.

Mr. and Mrs. Gilbert and son Paul who have recently returned from a year's stay at Colorado Springs, and Mrs. Leora Rawlings of Jacksonville, visited Mr. and Mrs. William Rawlings Saturday and Sunday.

Richard Oxley and William Morris were St. Louis visitors last week.

August Walters was in Springfield Monday.

William Oxley moved last week from the Lewis farm, where he has lived for twenty-one years, to a farm he had purchased several years ago.

Mr. and Mrs. Harold Hembrough of Ashbury spent Sunday at the home of George Oxley.

Mr. and Mrs. William Craig entertained about 75 friends at dinner Thursday in honor of their 25th wedding anniversary.

ARENZVILLE.

W. L. McCarty has gone to St. Louis, called there on account of the illness of his son, Dr. Lawrence McCarty.

Miss Mae Berry of Exeter was a guest of friends in Arenzville a short time last week.

Mrs. Anna Hoagland of Springfield was a guest of her mother, Mrs. Ada Saylor over Sunday.

Howard Rentschler visited Dr. Lawrence McCarty in St. Louis recently.

Ennis Long has retired from a brief visit with his uncle and aunt, Mr. and Mrs. Ross Long of Markham.

William Schaeffer and family of near Ironton spent the week end with relatives here.

Protracted meetings are to start at the M. E. church. They will be conducted by Mrs. Shively.

Mrs. Elias Henderson of Concord was shopping in Arenzville a few days ago.

NOTICE OF SALE TO PAY DEBTS.

Administrator's Sale.

State of Illinois) ss

County of Morgan) In the County Court of said county. To the October Term, A. D. 1914. In probate.

In the matter of the application of The Farmers State Bank & Trust Co. as administrator of the estate of Alfred Wharton, deceased. Petitioner, vs. Wilhelmina Wharton, Minerva I. Wharton, Virginia Wharton, Felicia R. Wharton, Frederick W. Wharton, William W. Deutsch defendants. Order to sell real estate to pay debts.

Public notice is hereby given that, by virtue of a decretal order made and entered of record by said court, in the above entitled cause, on the 5th day of October, A. D. 1914, the said administrator will, at the hour of 2 o'clock p. m. on Monday the 2nd day of November, A. D. 1914, at the south door of the court house, in the City of Jacksonville, Morgan county, Illinois, offer for sale and sell at public vendue, to the highest and best bidder for cash, to pay the debts of said estate, all or so much thereof as may be necessary to pay the debts now due from said estate and the costs of administration now due and to accrue, the right, title, interest and estate which the said Alfred Wharton, deceased, had at the time of his death, in and to the following described real estate, situated in the county of Morgan and state of Illinois, to-wit:

Part of lot ten (10) in Church's Heirs' Addition to the town, now city of Jacksonville, described as, beginning at a point on the west line of said lot ten (10) one hundred seventeen (117) feet south of the northwest corner of said lot; thence

running east two hundred (200) feet; thence running south eighty (80) feet; thence running west two hundred (200) feet to the west line of said lot, and thence running north along the west line of said lot, eighty (80) feet to the place of beginning.

The above described property will be sold free and clear of said Wilhelmina Wharton's life estate or interest therein.

No deed or deeds will be delivered to the purchaser or purchasers until said sale has been reported to and approved by said county court.

Dated, October 6th, A. D. 1914.

The Farmers State Bank & Trust Company, Administrator of the estate of Alfred Wharton, deceased. Wm. T. Wilson, attorney.

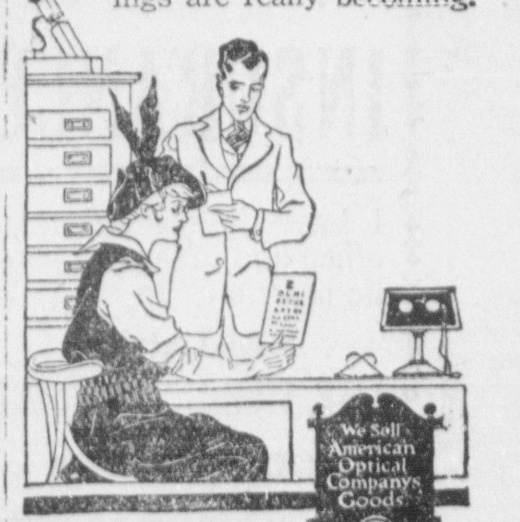

SENTENCE COMMUTED.

Springfield, Ill., Oct. 27.—Daniel P. Gott, serving a life sentence in Chester penitentiary for a murder committed in Madison county in 1893, will go free Thursday, his sentence having today been commuted by Governor Dunne. Gott is 74 years old and a veteran of the civil war. The prison physician declares he has but a short time to live.

The Fine Art of Fitting Glasses

We do more than sell glasses. We look upon the fitting of them as a fine art.

In each individual case we make sure that both lenses and mountings are really becoming.

Ladies especially appreciate this feature of our work.

WORLD'S MARKET NEWS

WHEAT PRICE TAKES DOWNWARD SLIDE

SPECULATIVE CALL FALLS OFF;
DOMESTIC STOCKS FLE UP.

More Attention is Given Increased
Visible Supply Than to the Trans-
Atlantic Sales—Ideal Weather
Puts Corn Under Bearish Control
Oats Sag With Other Staples.

Chicago, Oct. 27.—Wheat took a
downward slide today, influenced by
falling off in speculative call and
by the piling up of domestic stocks.
Trade finished steady but 1 to 1 1/2
under last night. Corn lost 3/4c to
3/8c net and oats 3/4c to 1c. In
provisions the outcome was unchang-
ed to 4c down.

Most of the selling of wheat came
from owners who had recently pur-
chased because of the large export
business current. It was noted that
notwithstanding the continued activ-
ity of European demand the general
public had not developed any sus-
tained buying enthusiasm and that
more attention appeared to be given
to the increased visible supply than
to the liberal but familiar trans-
Atlantic sales. Particular stress
was laid by the bears today on the
fact that stocks in the United States
are now 10,000,000 bushels more
than at the corresponding time a
year ago.

Ideal weather for maturing and
shipments of corn put that cereal
under bearish control. Traders gen-
erally were anticipating a generous
movement of the new crop although
offers to arrive have been small as a
whole. Oats sagged with other sta-
ples despite continued demand from
the seaboard. There was a steady
stream of selling orders from Miner
longs.

"SCIENTIFIC FARMING" WILL SOON BE NECESSARY

ASST. SECY. OF AGRICULTURE
WRITES OF BUSINESS END OF
FARMING.

Until Recently Very Little Has
Been Done to Help the Farmer
Solve Problems in Farm Manage-
ment Which Arise When He At-
tempts to "Farm Scientifically."

(By Carl Vrooman, Assistant Sec-
retary of Agriculture. Special to
"Corn Belter.")

In a book I picked up the other
day I found a significant table of
figures. It is based on statistics
gathered in 1911. Culling a few
figures from this table we learn:

That Baldwin apples bought from
farmers in Marlboro, Mass., at \$2.25
per barrel, sold to the consumer in
Boston at \$7.50 per barrel.

That milk bought from dairymen
in Worcester county, Mass., at 2 3-4
cents per quart cost the consumer
in Boston 8 cents per quart.

That home-cured bacon brought
Massachusetts farmers 8 cents per
pound and cost Boston folks 19 1-4
cents per pound.

That peanuts bought for 4 1-2
cents per pound in Virginia sold for
18 cents per pound in Boston.

That rice bought for 30 cents per
bushel in Arkansas cost the con-
sumer in the eastern states \$4.16
per bushel.

These price comparisons are quoted
from Dr. T. N. Carver's book on
rural economics. How crying is the
need of a practical study of the
problems that they set forth could
scarcely have been more effectively
demonstrated than by these cold
figures. They are a discrepancy
that is eloquent of a nation-wide in-
expertness in the handling of the

products of the soil. They bespeak
an appalling lack of understanding
of the business end of farming on
the part of the mass of American
farmers. They bear witness that
the American farmer is the victim
of his own lack of the spirit of co-
operation and solidarity. In a word,
they say that the farmer ought to
study and practice farm economics.

It is only the accident of Ameri-
can conditions that has averted the
pinch that has long since driven all
the older nations to the rigid prac-
tice of efficiency and economics in
agriculture. If the business of
farming in America had not for
generations been subsidized by free
land, we would have come to it long
ago. At last the problem has come
to us. The free land is all gone.
The unfenced wilderness, to be had
for the plowing, has disappeared.
There is only one way out of our
difficulty, we must do better with
the land we already have. Instead
of pulling up stakes and going
West, we must speed up on sci-
entific methods of cultivation, and
study and put into practice sound
principles of farm economics.

Before these two things can be
done, however, by the mass of our
farmers, the Federal Agricultural
Department and the State Agricul-
tural Colleges have two vitally im-
portant duties to perform. First,
they must work out and give to the
farmer practical solutions for the
difficult problems in farm manage-
ment which always arise when an
attempt is made to introduce into
his scheme of farming new and
more scientific methods. Secondly,
they must find out and show the
farmer how to convert crops into
cash without leakage, waste or un-
just exactions from middle men or
predatory corporations.

During the past fifty years the
state and national governments, at
an expense of many millions of dol-
lars, have uncovered a wealth of
agricultural knowledge as applied
to production. They have, in fact,
shown us how to make "two blades
of grass grow where one grew be-

fore"—or two bushels of potatoes,
two ears of corn, two tons of alfalfa
of two pigs, or cattle, or sheep. But
all this information, given to the
farmer, through bulletins, lectures
and field demonstrations, has ben-
efited only those who have had
enough initiative, capital, intelli-
gence and persistence to apply it to
their individual farm problems. Un-
til very recently surprisingly little
has been done to help the farmer
solve the problems in farm manage-
ment which inevitably arise when-
ever he attempts to "farm scientifi-
cally."

It is important that the farmer
be told just how to raise alfalfa
successfully. It is quite another
matter, however, to tell him how
successfully to introduce alfalfa rais-
ing into his established scheme of
farming. I once knew a farmer
who tried alfalfa, got a good stand
and then plowed it all up, declar-
ing that the blankety-blank stuff
grew so fast that it took all his
time to cut it! That man hadn't
been forewarned that alfalfa some-
times has to be cut, cured and
stacked right in the midst of the
corn-plowing season, and his only
available idea of farm management
apparently was to kill the goose
that laid so many golden eggs!

This may seem like an extreme
case. But it is illustrative of the
fact, that in addition to scientific
tips as to how to increase yields,
it is necessary that we have sci-
entific advice on the new problems in
farm management which arise as
the result of the introduction of im-
proved agricultural methods. There
is no use trying to blink the fact
that scientific farming is a more
complicated proposition than is the
old "rule of thumb" process of soil
robbing by continued corn and oat
cropping.

The Federal Department of Agri-
culture, under the guidance of Sec-
retary Houston, not only has laid
greatly increased emphasis on farm
management, but also has opened up
a field thus far almost totally ne-

glected, that of agricultural econ-
omics. Hitherto the Department has
bent its energies upon increasing
crop yields. For the past two years
however, it has been endeavoring
as well to better marketing and
other economic conditions, so that
increased yields shall mean in-
creased profits for the farmer.

In dealing with these problems
in rural economics, as well as with
those in farm management or crop
raising, all that government agen-
cies can do is to help the farmer to
help himself. Unless the farmer is
willing to study problems of market-
ing, cooperative purchase of sup-
plies, transportation, rural credits,
and other vital problems in agri-
cultural economics with an open
mind, and resolutely to seek their
solution in farm practice, investi-
gations of Federal and State gov-
ernments will be of little practical
value.

"Who would be free himself
must strike the blow." If the farm-
ers of Illinois would achieve a mea-
sure of economic freedom, they must
organize in every county in the
State and work out systems of co-
operative selling of farm products
and buying of supplies; cooperative
systems of rural credit; and of com-
munity effort in other lines, to the
end that rural life may be richer,
fuller and more enjoyable, as well
as more remunerative financially.

The farmers' elevators throughout
the state are doing a splendid work
but they are only a small beginning
in the direction of organizing rural
life on a cooperative basis. This
movement carried to its fullest
would enable the farmer effectively
to protect himself from commercial
parasites and financial birds of prey.
The average farmer's income would
be greatly increased without rais-
ing the price of food to the city
dweller.

Such an end can not be achieved,
however, by the organization of lit-
tle cooperative societies here and
there. Unless in addition to this
the farmer goes into politics ag-

gressively and persistently, taking
his farm economics and his spirit
of co-operation with him, he need
not hope to throw off the yoke of
those unscrupulous and powerful in-
terests that now absorb the cream
of the product of the brawn and
brain of the agricultural classes in
every country in the world.

GERMANS POSING AS BRITISH SUBJECTS OBTAIN PASSPORTS

Large Number of Aliens Reported to
Have Crossed Channel with Pass-
ports Gotten Through Misrepresen-
tation.

Washington, Oct. 27.—Com-
plaint that many Germans posing as
British subjects are getting pass-
ports out of Germany for England
and from American diplomatic and
consular agents was filed at the
state department today by Sir Cecil
Spring-Rice, the British ambassa-
dor.

Information has reached the em-
bassy that a large number of aliens
have crossed the channel with pass-
ports obtained by misrepresentation
and the British officials ever on the
watch for spies, have had their sus-
picions thoroughly aroused.

In submitting the matter to ac-
ting Secretary Lansing, the Ambassa-
dor admitted that the problem con-
fronting the American officials who
represent the interests of Great
Britain in Germany is a difficult one
and hard for them to go behind the
statement of a man saying that he
is a British subject.

Mr. Lansing said the diplomatic
and consular office would be cau-
tioned to exercise all possible vigi-
lance in the future to prevent pas-
ports falling into the hands of any
persons not entitled to them.

W. B. Miser has gone to Chicago
on business connected with the in-
ventory recently filed with the state
public utilities commission.

DEMOCRATIC CANDIDATE ADMITS REAL IDENTITY

Marion County, Indiana Candidate
For Judge Admits His Assumed
Name and Police Record.

Indianapolis, Ind., Oct. 27.—John
O'Brien, through his attorney late
today admitted in court that he had
been convicted of larceny in the
criminal court of St. Louis and that
he had assumed the name "Frank
X. O'Brien" in Indianapolis and as
Frank X. O'Brien had been nomi-
nated on the Democratic ticket for
judge of the Marion county juvenile
court. The court then ordered the
election commissioners to substitute
the name of Newton M. Taylor,
present incumbent, for that office
occupied by O'Brien on the ticket.
Judge Taylor early filed the petition
which resulted in O'Brien's name
being removed from the ticket.

It was brought out in the action
against O'Brien that he not only
appropriated the name of Frank X.
O'Brien, a St. Louis attorney, but
also claimed the St. Louis attorney's
record as his own. John F. claimed
to have served several terms in the
Missouri legislature and to have
been a candidate for congress. This
record is held by the real Frank X.
O'Brien.

The masquerader served a term
in the St. Louis workhouse and ad-
mitted having caused the police of
that city trouble on other occasions.
He did not appear in court when
today's action was taken.

May Identify O'Brien.
St. Louis, Oct. 27.—Detective
Michael Callahan of the St. Louis
police department left today for
Indianapolis where he will attempt
to identify Frank X. O'Brien who
was deposed as candidate for the
judgeship of a juvenile court, as
John F. O'Brien who several years
ago served a term in the local work-
house.

According to police records John
F. O'Brien was convicted of petty

larceny. He was fined \$100 and
sentenced to three months in the
workhouse, which sentence he com-
pleted.

VISITATION DAY.
Today is visitation day in the
Central Christian church and the
committee of one hundred, consist-
ing of fifty men and fifty women
will visit all the homes represented
in the church. Cards will be left
at each home telling of the series
of sermons by the pastor, Rev. My-
ron L. Pontius to begin next Sunday
night. At 5:30 o'clock this evening,
the hundred will assemble at the
church where the Pastoral Helpers
will serve a supper. There is no
solicitation for money during the
visitation.

10 CENT "CASCARETS" STRAIGHTEN YOU UP

Tonight! Clean Your Bowels and
End Headaches, Colds, Sour
Stomach.

Get a 10-cent box now.
Turn the rascals out—the head-
ache, biliousness, indigestion, the
sick, sour stomach and bad colds—
turn them out tonight and keep
them out with Cascarets.

Millions of men and women take
a Cascaret now and then and never
know the misery caused by a lazy
liver, clogged bowels or an upset
stomach.
Don't put in another day of dis-
tress. Let Cascarets cleanse your
stomach; remove the sour, ferment-
ing food; take the excess bile from
your liver and carry out all the
constipated waste matter and poison
in the bowels.

A Cascaret tonight straightens you
out by morning. They work while
you sleep. A 10 cent box from any
drug store means a clear head, sweet
stomach and clean, healthy liver and
bowed action for months. Children
love Cascarets because they never
gripe or sicken.—Advt.
